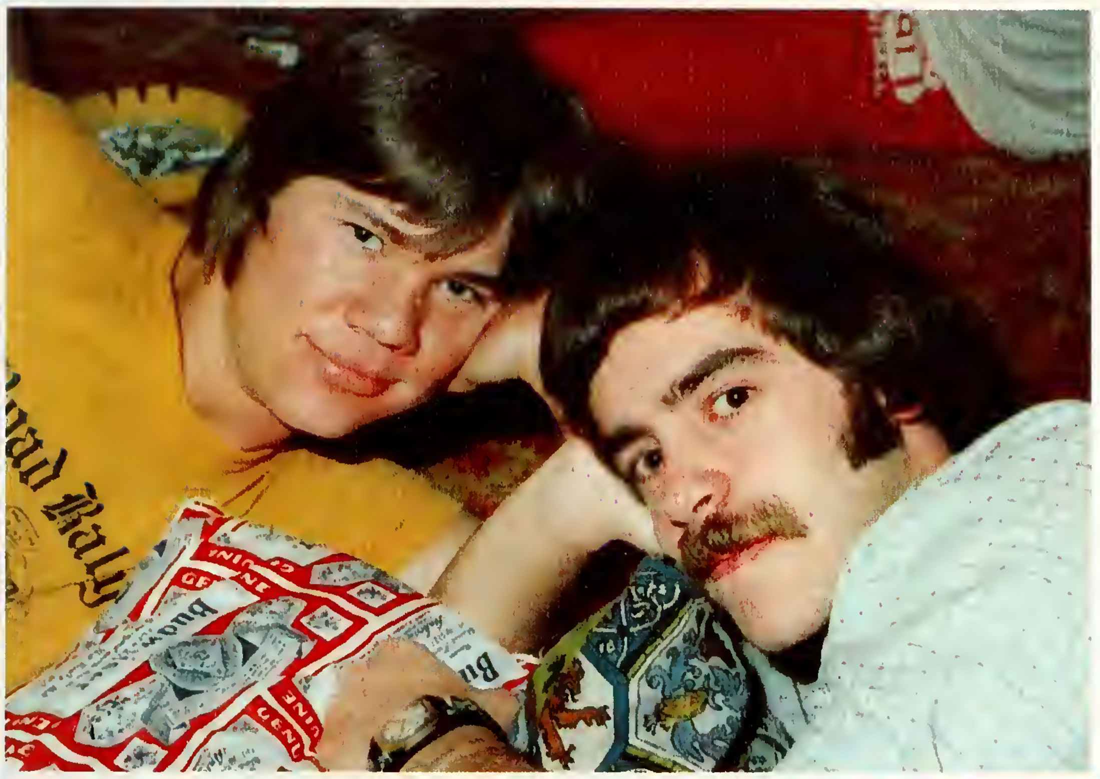
As Days Go On,
And Years Pass By
I'll Never Never
Forget Those
Wonderful Years
When I Was So
Alive

Poems Are Made By Fools Like Me But Only God Can Make A Tree

Beauty Is Ever-Present.
It Is Contained Within
Everything And Waits
Only To Be
Discovered.
It Knows No Language
Belongs To No Race
Ascribes To No
Religion. Beauty Is A
State Of Mind.



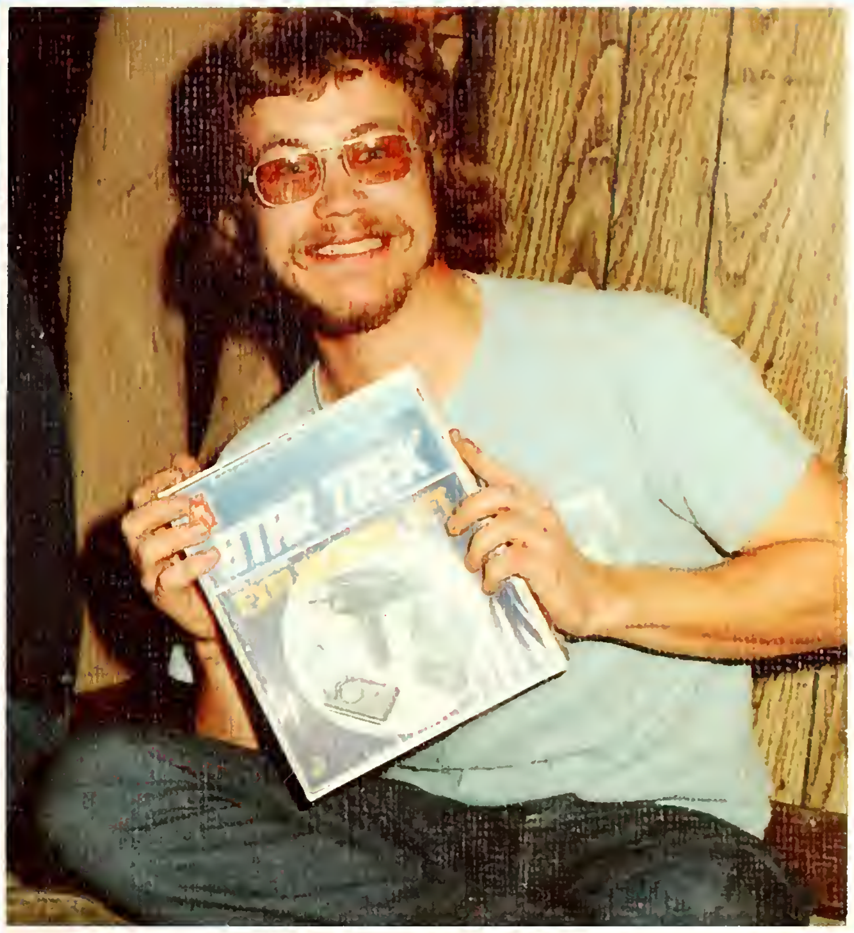
Man's Driving Instinct Is To Love And Be Loved. He Cannot Exist Without The Care And Friendship Given To Him By People. It Is An International Language. Love is Not Only A Feeling Of Romantic Emotion But Something Else That Exists Between People.

That Familiar Face, I've Seen It
Before. That Familiar Sound,
I've Heard It Before. But
Where? In A Dream It Is
Confusing But I've Been Here
Before But I Know I Haven't.

Why Do I Feel That I've Missed So Much, Can I Say It's Only Me. Have I Missed Some Special Key. To A Life Of Happiness And For Eternity?

My Country Has Ghettos But So Does Yours, My Country Has Race Strife But There Is Hope, My Country Had A Drug Problem But They Are Being Solved, My Country Had Faults, But Does Yours Not, My Country Has Freedom. Can Yours Say That!

Maybe Life Isn't Always Full Of Happiness And Luck, But It Isn't All Sadness And Bad Luck, Either. Life Is Precious, Always Treasure It. For Life Is Very Short



And God Saw That It
Was Good. The Youth
Continues To Grow In
Mind And In Body
Growing Into An
Adult.

Student Life . . .

. . . Goes On

Fall Festival Games

Despite The rain, The Fall Festival Games were held with over 300 spectators showing up to watch the games.

Practicing paid off for many of the groups, as nobody ran away with the games. Sig Ep took first place in the sixteen legged race and the wheelbarrow race. TKE took a first in the wagon race, with Alwood taking first in the pyramid. Not to be outdone Kappa Sigma eat their way to winners row by taking first in the pie-eating contest.

AX

Powder Puff Football

The teams have been practicing all quarter for the big games and they look ready! Strategies and plays were set up by the teams. Sore muscles and body aches were experienced as the final days of the big games arrived. Touchdowns, penalties, interceptions, and . . . falls were encountered as Platt won the title. All the teams played great games!

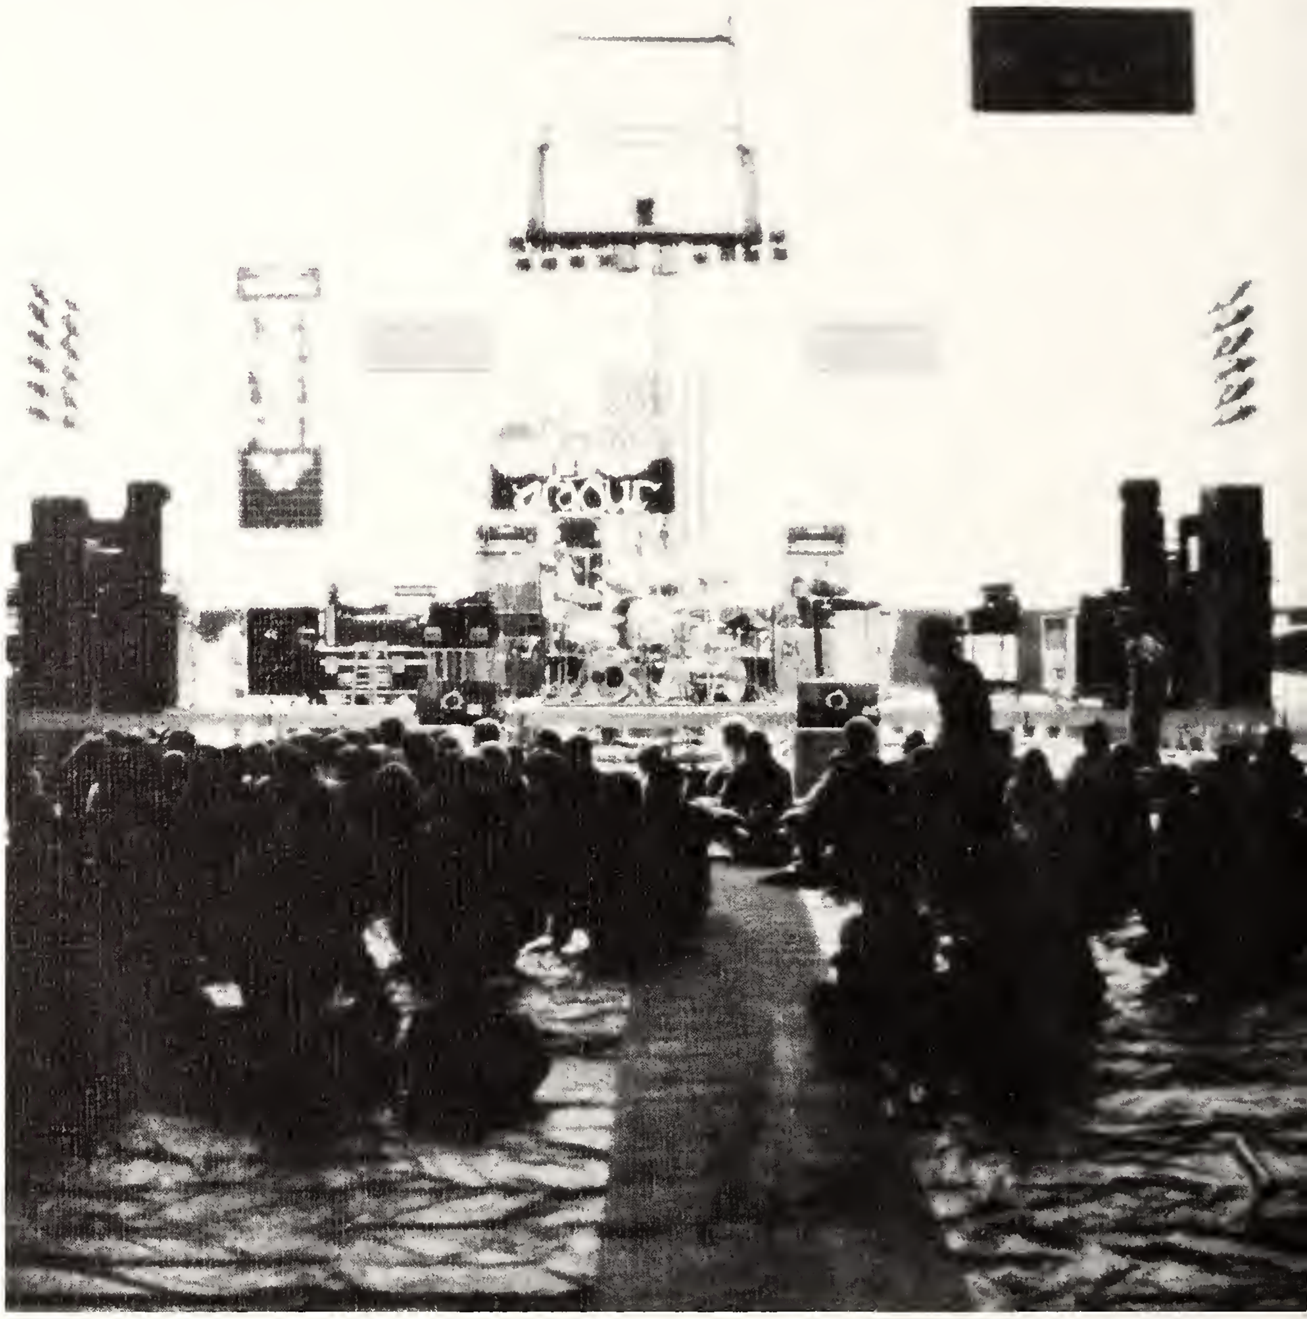
Winter Games . . .

Grand Prix Week-End . . .

Concert And Queen

Ethos and Brownsville Station performed for the Tri-State students and their guests. The evening was described by many as the best concert they had heard on campus.

Eugenia Driscoll was crowned Queen of the Grand Prix weekend at the Friday night concert. Anne Reifel was first runner-up, and Mary Sellman was second runner-up.



Golf And Pedal Prix

tv 21
tv 21
tv

Each golfer hit many fine shots but the consistent shooting of Walt Lilley proved the difference as he defeated Campbell 37-41.

This year's Pedal Prix was more exciting than ever! Cameron Hall won the race, and had a lot of good competition. The race was held in three heats, the Cameron team winning the first heat and the Kappa Sigma Stardusters winning the second. The final heat consisted of these first 2 teams plus the second place teams of each heat, TKE little sisters, and Platt Hall sponsored by the Triangle.

Cameron Hall won the race, and the Kappa Sigma Stardusters took second place. The fastest pit crew timing was turned in by the Platt Hall team sponsored by the Triangle. Cameron's team consisted of Anne Reifel and Gail Miller on the pit crew, and the riders were Linda Fenley, Cheryl Schroeder, Kathy Kaminski and Eugenia Driscoll.

Gentlemen Start Your Engines . . .

The sixth annual Grand Prix, which was the biggest and best that Tri-State has seen. A crowd of 2600 covered the area surrounding the race track.

Last year's winner, Ken Opdycke again gained the first place trophy along with the pole position award and sportsmanship award. Rich Berry came in second after a close race with Mike Fedorcak coming in third. Ken Tillich received the Hardship trophy after experiencing the most technical difficulties with his cart.

Mark Scott and Jon McMaken were the only drivers who did not experience difficulties during the race. Dan Gilbert broke his steering wheel before the race was postponed due to the rain. Prior to the race he rolled his cart. Jeff Haskins blew his engine. Ken Opdycke experienced clutch problems and Rich Berry had difficulties with his carburetor. Mike Fedorcak lost his brakes which forced him to swerve and drive down the grass median.

At one point during the race, Mike Fedorcak carried the lead; however the last half of the race showed Ken in first place with a 75 yard and eight second lead.

The race proved to be faster than expected as the top three winners dropped a half a second from their qualifying time. The average speed was 43 miles per hour with a few carts topping out at over 60 miles per hour on the straightaway.

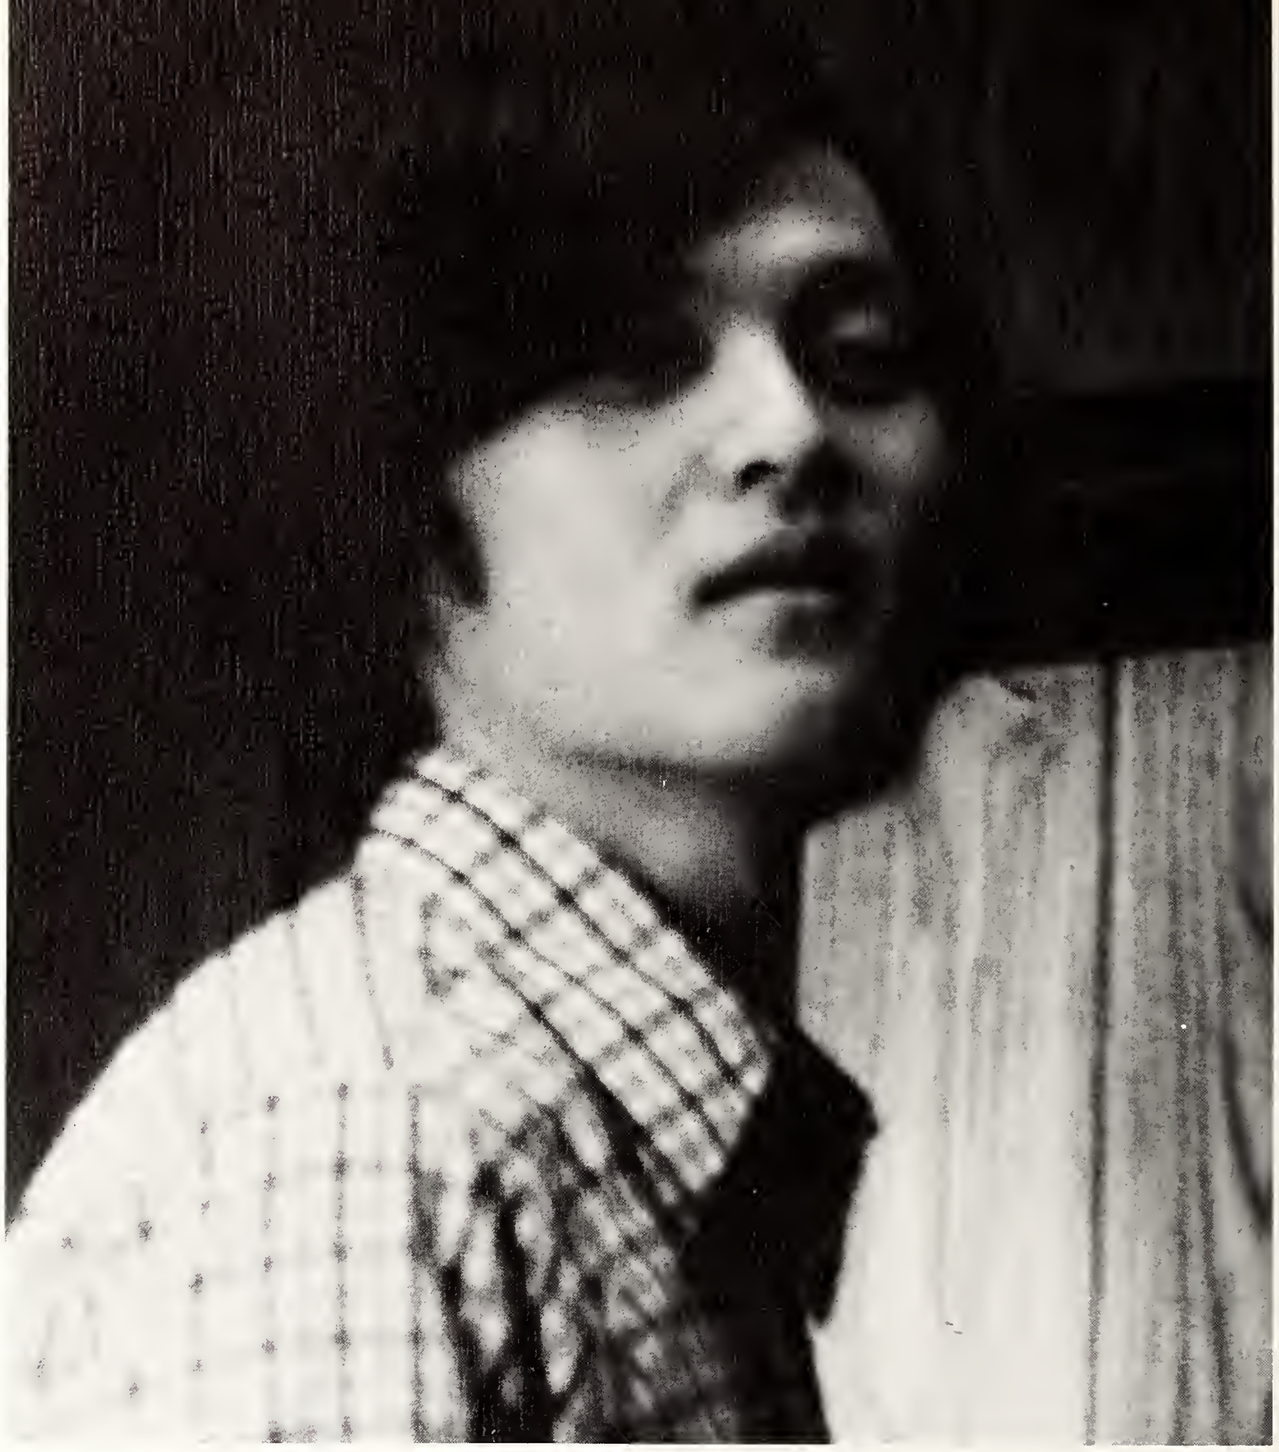
Acacia

After a long colonization the local chapter of Acacia Fraternity was fully installed at Tri-State College in 1967. Acacia aims to assist those who are striving for a better and more useful existence in the world, while working for wisdom and understanding above all else. The Acacia Fraternity 1903 at the Library of the University of Library of the University of Michigan. Their goal is to help the individual in two common endeavors—the development of the mind and the growth in right conduct and character.

Although membership in Acacia has decreased throughout the years, the fraternity still upholds these high ideals. They are interested in high scholarship but recognize that success outside of college is not just academic.

The Acacia house is now located at the corner of South Drling and Maumee Street.



ACACIA

ACACIA

Alpha Epsilon Pi

Alpha Epsilon Pi is the newest fraternity on the Tri-State Campus. Founded in 1970, the fraternity's objective is to serve those who want to get a lot extra out of college.

AEPi started as Tau Sigma, an unrecognized local fraternity. Their membership has increased notably, but it is still one of the small fraternities on campus; therefore, unity is especially emphasized.

Located at one block south of the school on College Street, AEPi has two houses and a special "party house." Perhaps their major social project consisted of the semi-annual pig roasts. Throughout the year, the AEPi's made several trips to chapters at Bowling Green and Indiana Tech for further socializing.

Alpha Sigma Phi, national fraternity, is represented on the Tri-State campus by the Beta Omicron Chapter. The local chapter began as Phi Lambda Tau in 1925 and became affiliated with Alpha Sigma Phi in 1946.

The purpose of Alpha Sigma Phi may be summarized in one phrase—To Better the Man. Alpha Sig tries to accomplish this by offering a well-rounded program emphasizing scholarship, social activities, sports, and public service.

ΑΣΦ

Delta Chi

The Tri-State Chapter of Delta Chi had its beginning in 1922 with the 411 Gang. These gentlemen organized with the intention of promoting Brotherhood and friendship which is rich in our chapter history. In 1925, the first fraternity at Tri-State was started by the Brothers of Lambda Phi Epsilon. They grew and prospered and then in 1929, became the Delta Chapter of Beta Phi Theta. On 21 April 1967 they were initiated in Delta Chi and on 24 May 1969 they officially became the Tri-State Chapter of Delta Chi. Today they are still growing and the Bond is stronger then ever.

Kappa Sigma

Kappa Sigma is one of the leading fraternities in the nation as well as on the Tri-State campus. The local chapter was born at Tri-State in 1966. Nationally, Kappa Sigma, fourth in membership, is one of the oldest fraternities in the Greek system, and offers outstanding opportunities for its members interested in loans, grants and scholarships.

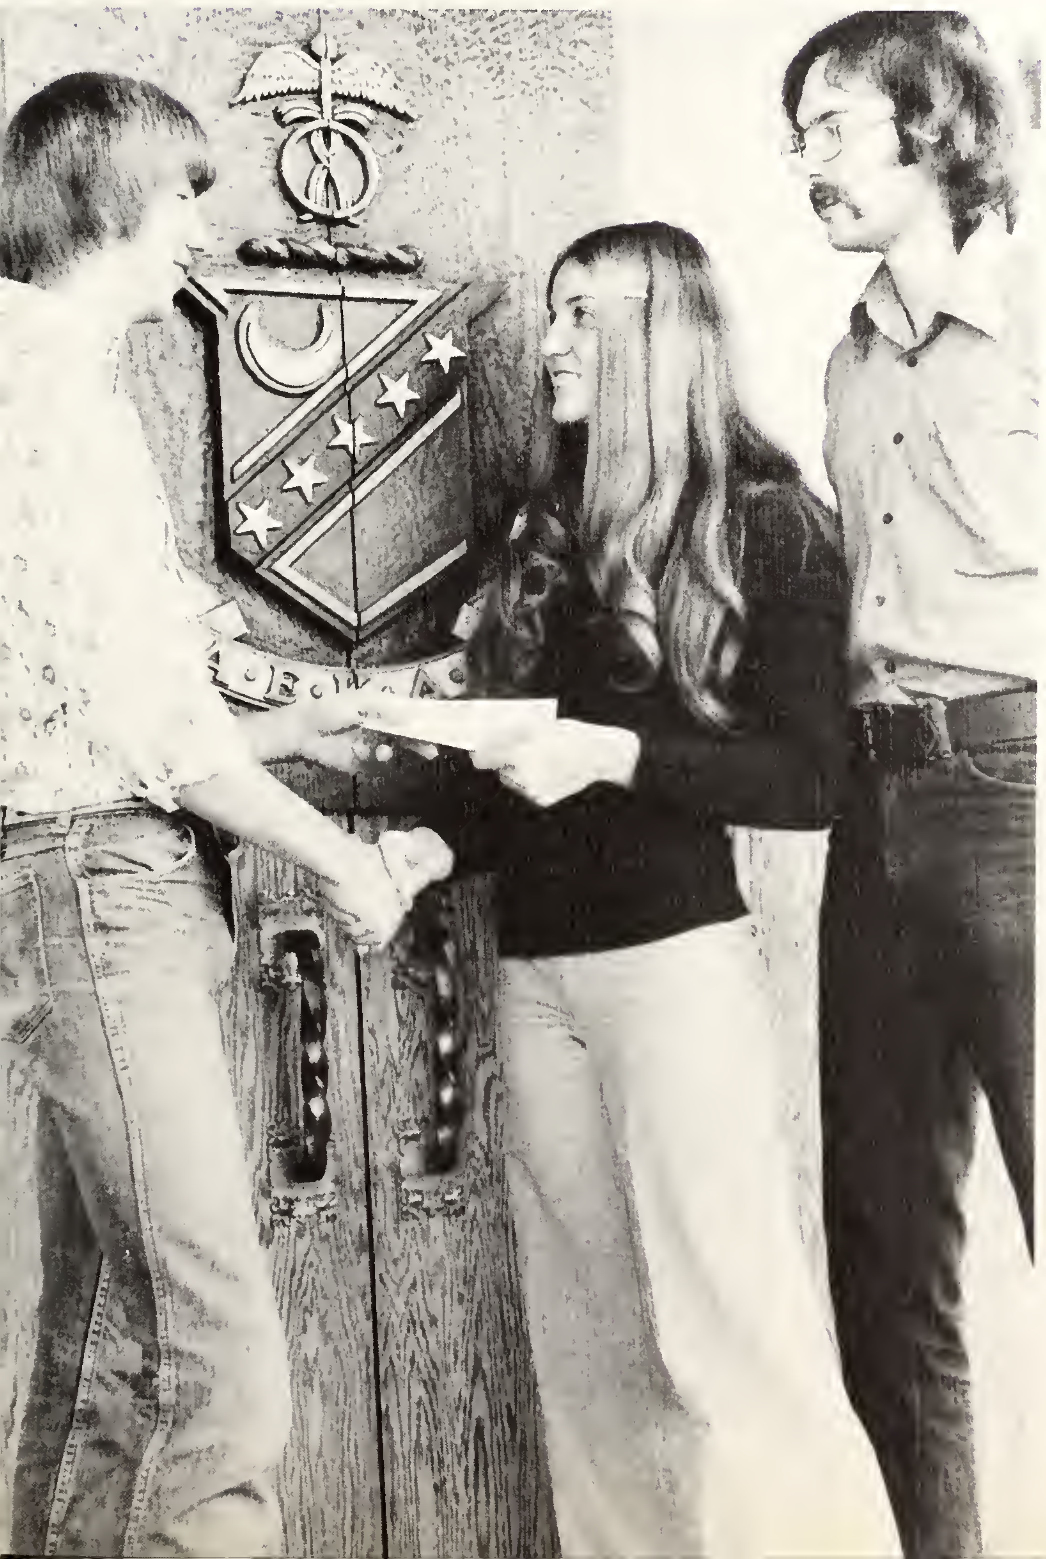
KAPPA
SIGMA

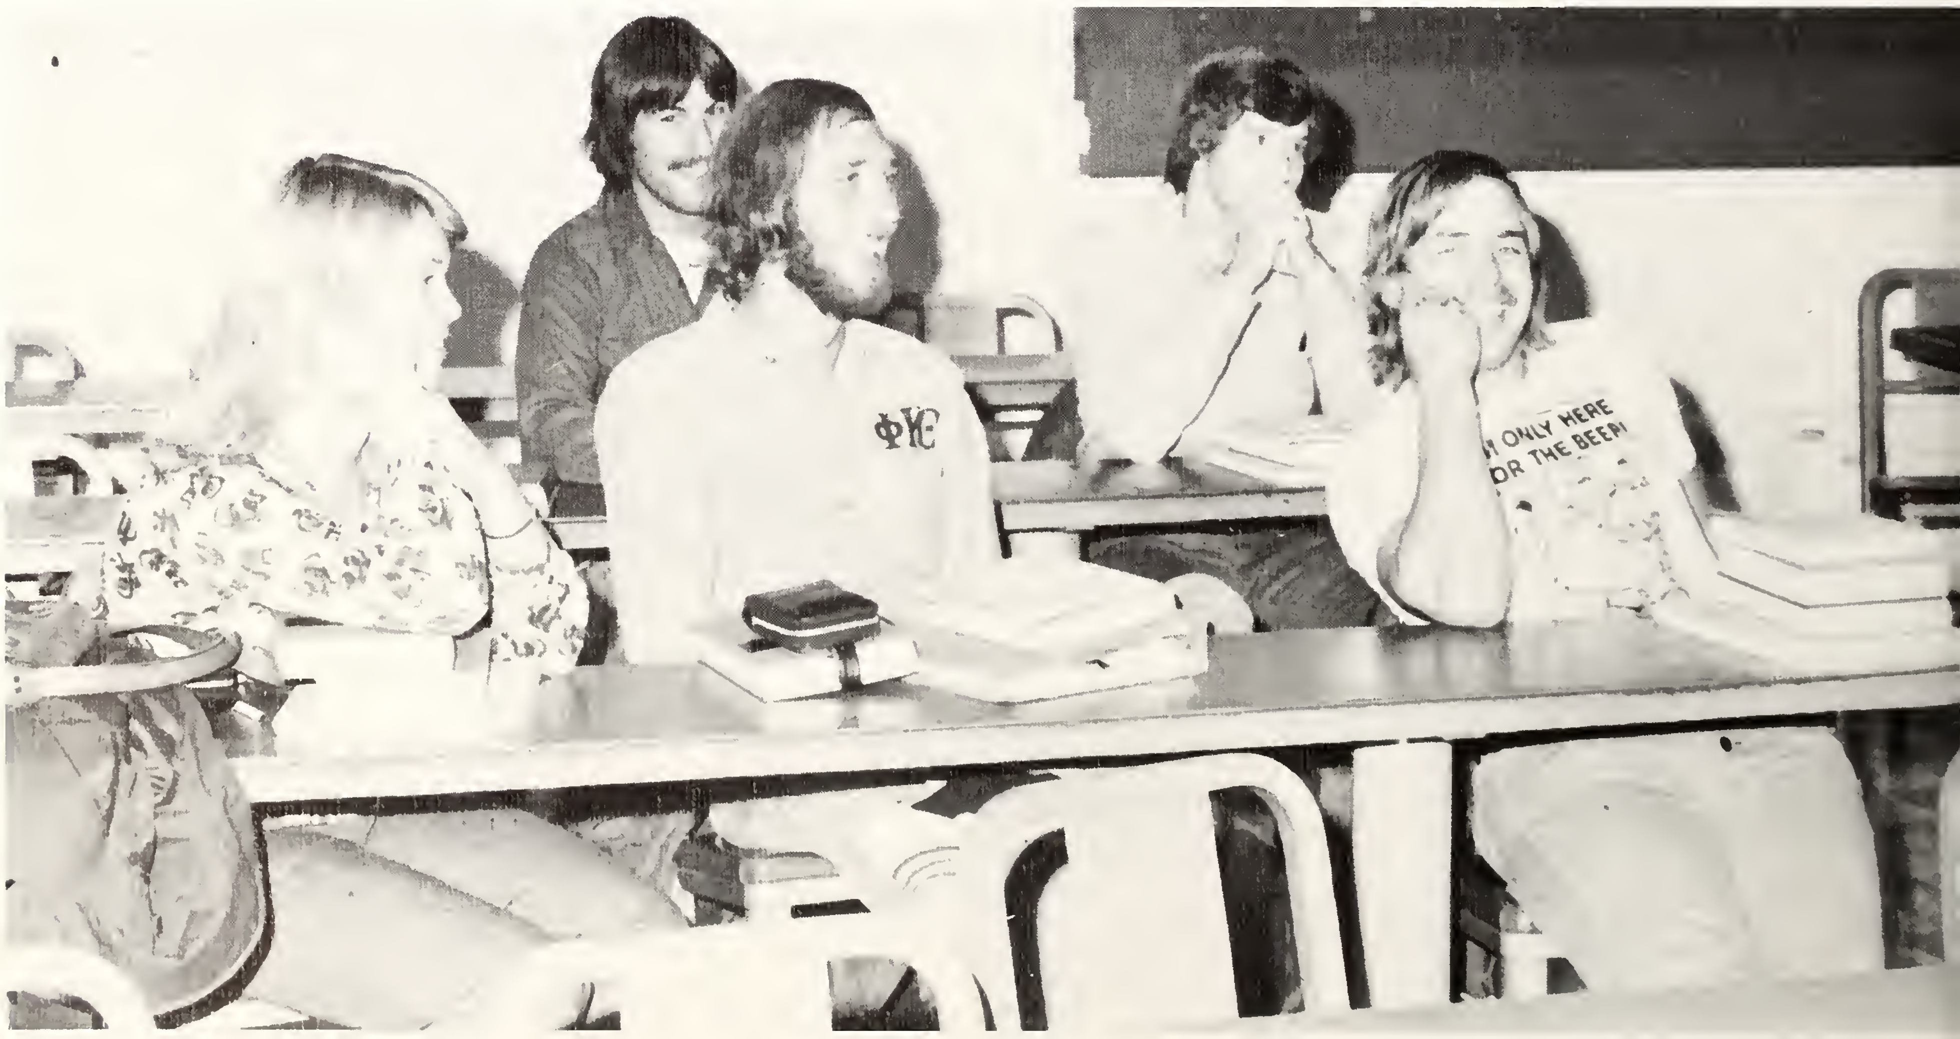


HELP

Phi Kappa Theta

The Alpha Gamma Chapter of Phi Kappa Theta at Tri-State College was originally founded as a local fraternity, Alpha Gamma Omega, in 1939. In 1943 it became Phi Kappa, and in 1959 when Phi Kappa merged with Theta Kappa Phi it became a colony of Phi Kappa Theta. With the accreditation of Tri-State College in 1966, the colony received full chapter status.

It is among the principal aims of the fraternity to encourage in its members the attainment of high scholastic standing; to make available to its members the example environment and training that best characterize the college men; to identify students and alumni more closely with their college, and to foster a more vigorous spirit of loyalty to alma mater; to promote in the social and intellectual spheres the best traditions of college life.



ΦΚΘ

ΦΚΘ

ΦΚΘ

Sigma Phi Delta

Sigma Phi Delta, a socio-professional fraternity, is geared for the engineering student. The fraternity exists as one of the three official engineering fraternities of Professional Interfraternity Conference, and the membership is international in scope.

The Code of Ethics of Sigma Phi Delta is founded upon the basic principles of truth and honesty. The brothers of the Kappa Chapter at Tri-State respect and uphold these principles.

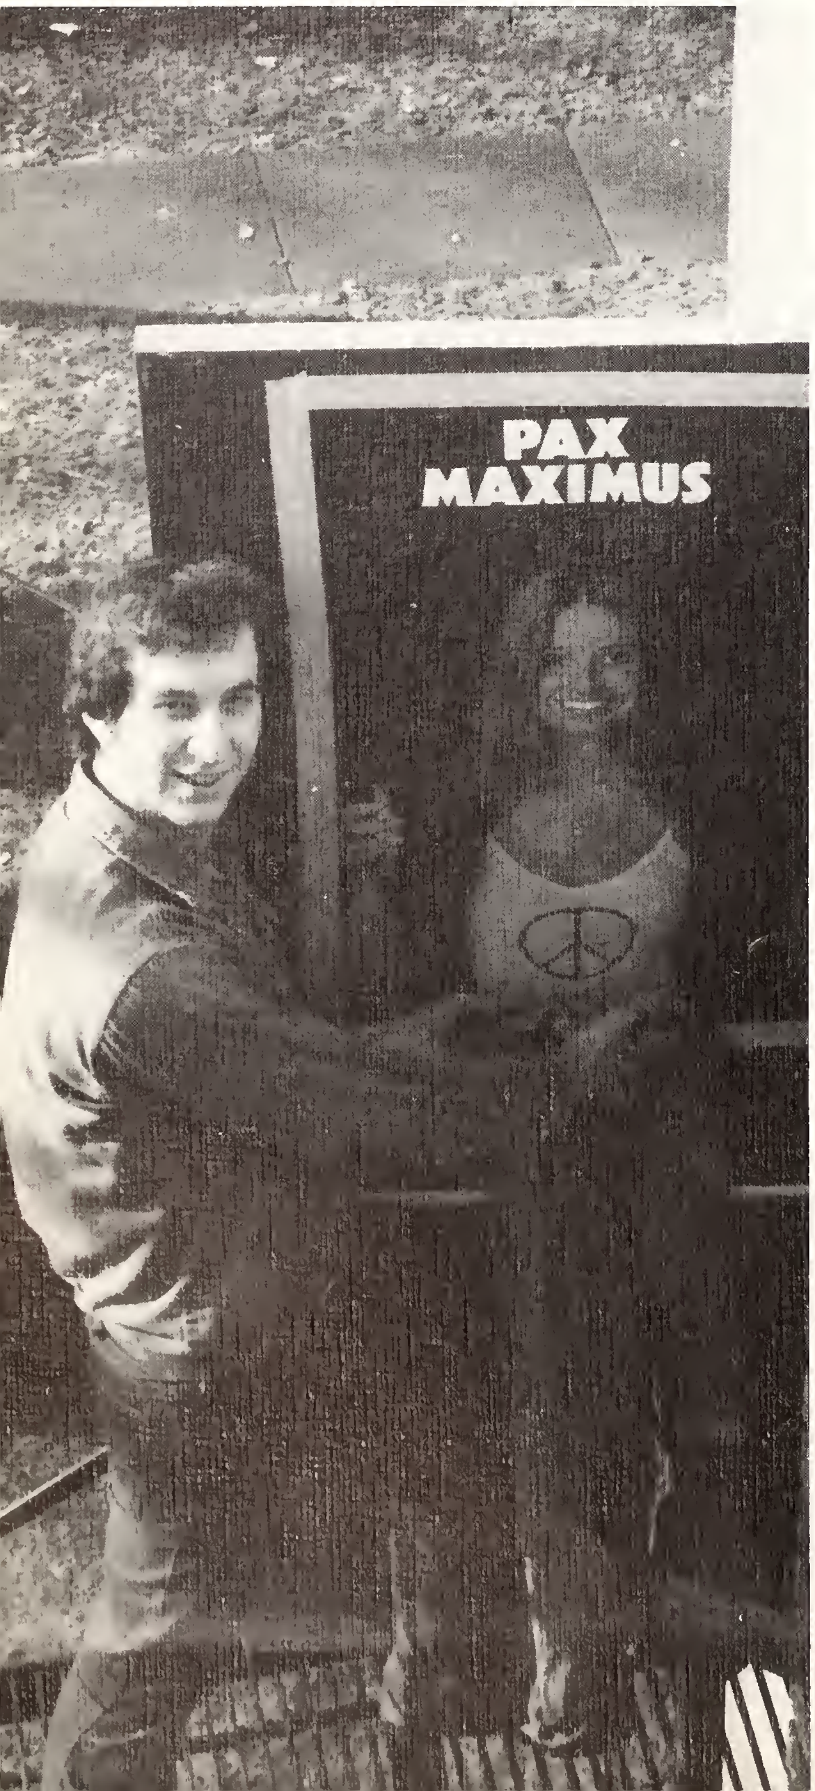
ΣΦΔ
ΣΦΔ

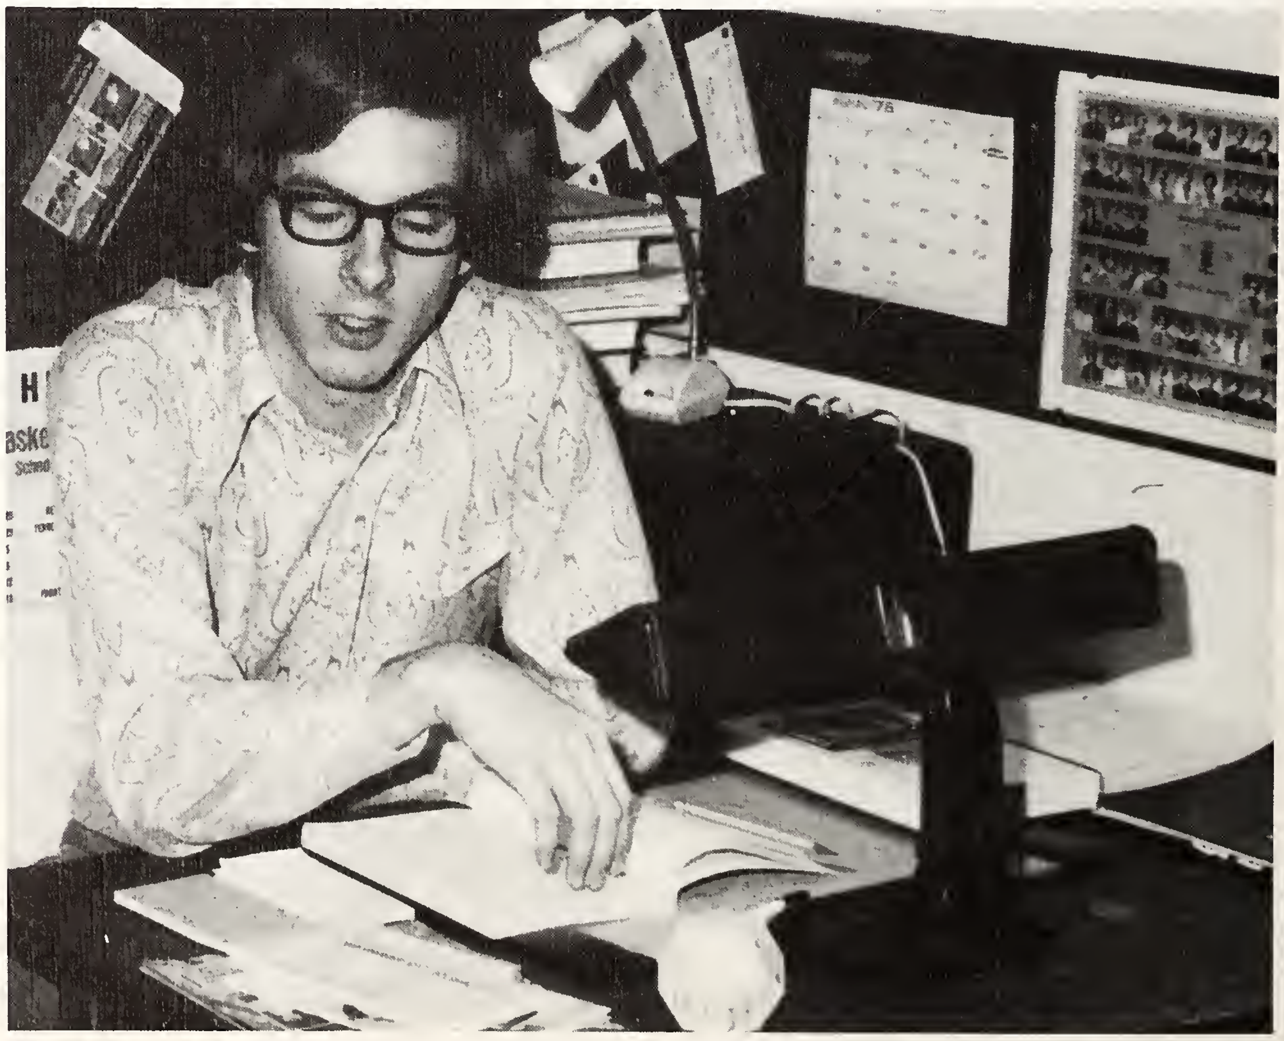
ΣΦΔ

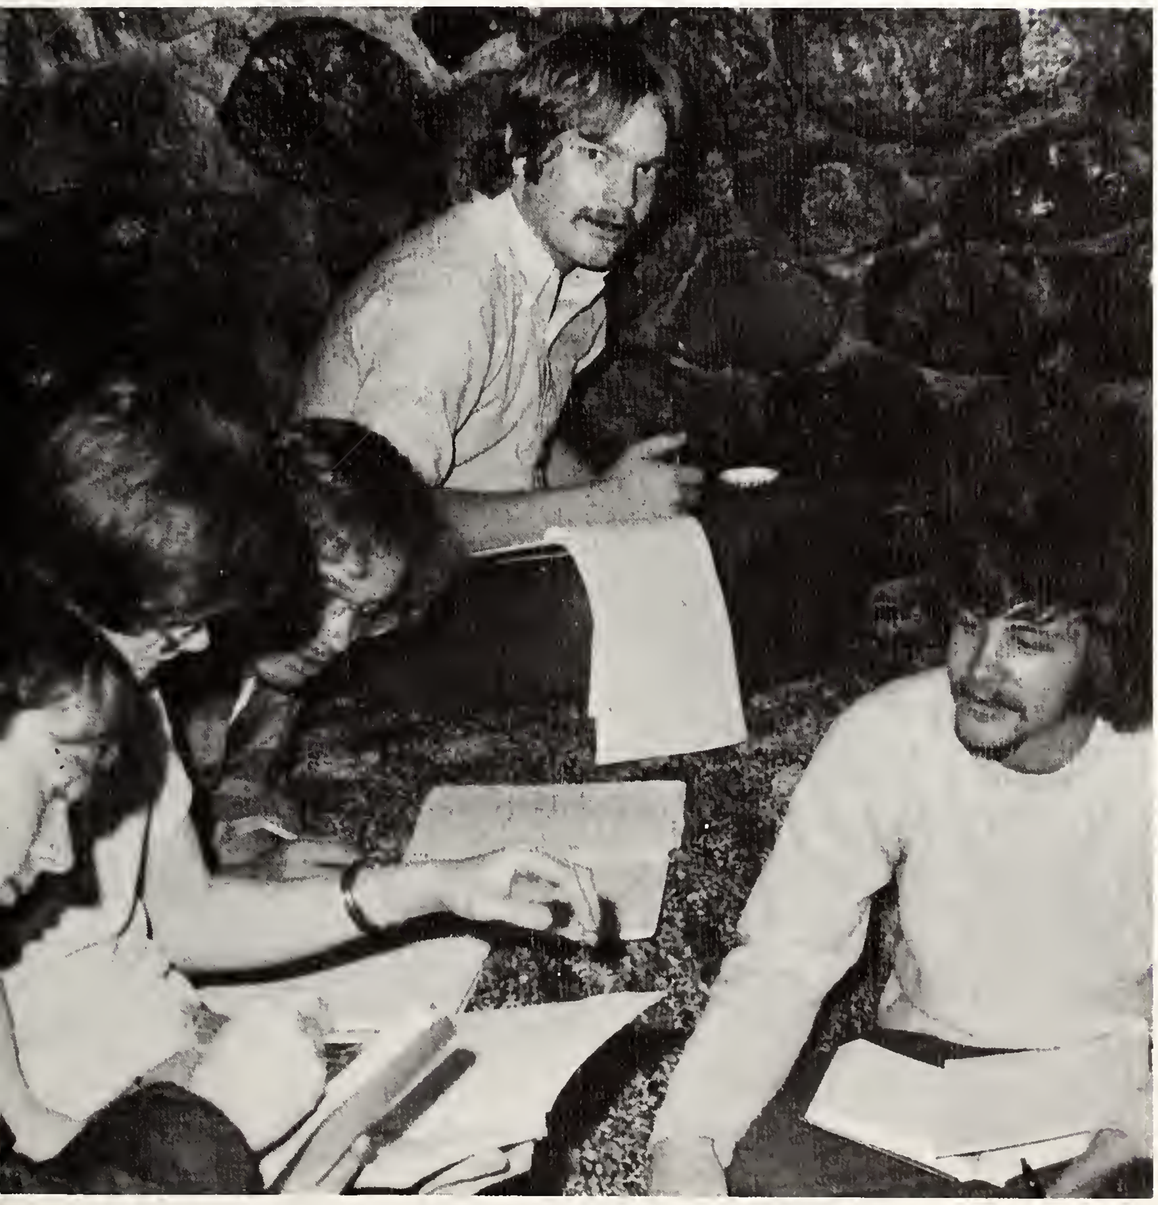
Sigma Phi Epsilon

Sigma Phi Epsilon, founded in 1901 in Richmond, Virginia, is the second largest fraternity in the nation. The Indiana Theta Chapter was installed at Tri-State 8 May 1968.

The Sig Eps on Tri-State's campus are well-known as campus leaders. Several serve in major offices in various organizations. The fraternity is well represented in the business and engineering honoraries.







ΣΦΕ

Tau Kappa Epsilon

The Brothers of Tau Kappa Epsilon believe that a fraternity should be a brotherhood in conduct, as well as in name. "Faith without works is dead." It is our belief that the essential elements of true brotherhood are love, charity, and esteem. By the tenor of our daily action, we should evidence our devotion to the principles we have solemnly obligated ourselves to observe.

The organization of Tau Kappa Epsilon was begun in Bloomington, Illinois, on 10 January 1899. The fraternity grew from a society whose avowed purpose was "to aid college men in mental, moral, and social development." Now the largest international social fraternity, TEKE continues in the spirit of genuine democracy which challenges the Fraternity to choose men not for their wealth, rank, or honor, but their personal worth and character.

ORGANIZATIONS

Angola Community Theater

The Angola Community Theater is an association of students and the community initiated in 1962 to bring theatre to the Angola area. This year's ACT productions, led by TSC students and faculty members and widely enjoyed by TSC audiences, were very successful.

Amateur Radio Club

The purpose of the Tri-State College Amateur Radio Club is to facilitate the exchange of information and general cooperation between members, to promote radio knowledge and to advance the general interest and welfare of amateur radio on the campus.

The Radio Club's big project this year was the organization of an APIL Sweepstakes Contest during November. The contest ran an entire weekend from 4 p.m. on Saturday to 10 p.m. on Sunday.

Camera Club

The Camera Club at Tri-State College is open to anyone who is interested on or would like to learn about taking and printing black and white pictures. The club has a large darkroom in the basement of Alwood Hall which underwent a number of changes and improvements this year. The Camera Club's major project was the presentation of a series of programs on photography and other interesting subjects. The programs consisted of films and slides designed to show photographic techniques and artistic aspects of photography.

Circle "K" Active In Community Service

The Circle K Club is an organization concerned with helping and caring for people in the community. This club is a partner to the Kiwanis Club of Angola.

Circle K concentrates on two things: projects and parties. Everyone is welcome and encouraged to join and have fun.

Every fall C distributes desk blotters to all students listing advertisement of various merchants located in town, with proceeds going to various charities.

Among this years activities included midnight bowling with the proceeds going to Muscular Dystrophy, parties for the County Homes, a "Bathtub Penny Pitch" for Muscular Dystrophy, pizza parties for the Sheltered Workshop of Angola, a Walk-a-Thon for the American Cancer Society, and many other beneficial activities.

Circle K is concerned for others. Become active in your school, with your fellow classmates, in YOUR Angola community—things happen with Circle K . . . make them happen!

International Students Organization

The International Student Associations major concern is with promoting understanding and friendship among students of different countries. All students are welcomed and encouraged to join this organization.

This year was a very important stepping stone in the organization. In January they opened the International Center at 200 South Darling Street. This center became possible through Tri-State faculty and Angola town donations. Along with the center, there is international housing available for all adjacent to the college.

Along with their parties and picnics the organization held two international dinners which featured foreign foods, country costumes, and various dances. Original displays of handicrafts and novelties were on display for everyone to enjoy.

Wing Tsun

WING TSUN
T.S.C.
WING TSUN
T.S.C.

One of Tri-State's newest and fastest growing organizations is the Wing Tsun Martial Arts Club. W.T.M.A.C. consists of a club open to anyone interested in martial arts and a class for people interested in learning Wing Tsun, which is a Chinese form of the martial arts.

The first classes actually started in the spring of 1974 when Joe, with the help of his brother, Francis, started teaching a few friends Wing Tsun. This year, male and female, from both the college and the community joined. The club was formed during fall quarter of this year, and its active membership grew to over 25.

Student Senate
— Moving On —

The Student Senate at Tri-State College is organized for the promotion and coordination of campus activities for students. Representatives elected from campus organizations comprise the Senate, which sponsors social activities and helps in formulating policies for student organizations.

Dave Garrard set high goals and accomplished much. Periodically, the Senate officers met with school administrators to discuss ideas and problems in "The President's Round Table." Student representatives also served on many of the major administrative committees.

Inter-Fraternity Council

The Inter-Fraternity Council provides the vehicle by which individual houses are united to enable coordinated and cooperative direction and assistance on school and fraternity functions.

The nine social fraternities were often the center of social and academic activity on campus. With their leadership, organization, and responsibility, they sought to make Tri-State a better place to work and live. With friendship and brotherhood foremost in mind, fraternal organizations proved to be a valuable asset to students in learning to live with others. Tri-State's fraternities as group organizations carried forward the fundamental purposes of education, adding a fraternal influence for group living and individual development.

Alpha Kappa Psi

Alpha Kappa Psi is a business fraternity of Tri-State. This year the fraternity celebrated the sixth anniversary of conception. The fraternity was founded in 1969 and has consistently been rated one of the top chapters in the nation.

Alpha Kappa Psi offers many advantages to the business student. Alpha Kappa Psi sponsors field trips, service projects, speakers and films, as well as a formal banquet held once a quarter. Alpha Kappa Psi stresses academic achievement among its members.

WTSC Radio

WTSC has a new studio at Tri-State College. WTSC was originated in 1971 but due to lack of participation it was closed. In January 1974 it was reactivated. Previously serving only as a carrier current for Stewart Hall, it is hoping to be a public service station consisting of educational materials and progressive rock. WTSC hopes to go on the air by the fall or early winter of 1976. WTSC was all conducted through Student Senate support and loans and grants.

WTSC was originally oriented in Stewart Hall but now, it is campus wide. Electrical Engineering students and Professor Showalter are helping in the construction and assembly of new equipment. WTSC is operated by staff representatives of all activities and organizations.

American Society Of Civil Engineers

The American Society of Civil Engineers is a professional society which helps promote professional qualities in civil engineering students. The ASCE student chapter is open to any student enrolled in the department of civil engineering.

At meetings campus and community service projects are discussed and have guest speakers present programs relevant to the civil engineering profession. One program was a field trip to Inland Steel's rolling mills in Gary, Ind.

Meetings are not only conducting business. In the Winter, an annual tobaggon ride at Pokagon State Park and a dinner with the Indiana State Highway Department take place. In the Spring the annual picnic wraps up the year. The big event of the year is the concrete canoe race. Colleges in the area all build a concrete canoe and have races against each other.

Triangle—Student Oriented

The Triangle, Tri-State College newspaper, was originally founded in 1933 as the Kismet. The name was changed to the Triangle in 1946 when its publication was resumed after World War II. The paper is published weekly on Thursday during the regular college year, excluding holidays and examination weeks.

The main objective of this year's newspaper staff was to make The Triangle truly student oriented. All articles were related to campus events and student activities.

In an attempt to utilize The Triangle as a mode of communication, the 1975-76 staff broadened the editorial policy and also initiated a program whereby students could learn direct answers to their questions about Tri-State College. This program took the form of a weekly column entitled "Lines and Angle." Students submitted questions to the Triangle office, and the staff obtained answers from the proper faculty members or administrator.

Another modification in the 1975-76 Triangle was the publication of feature articles on organization and fraternity activities in addition to the regular weekly columns.

Basketball Team Wins M.C.C.

The Trojan Basketball team captured their tenth consecutive Mid-Central Conference title in 1976 while compiling a respectable 20-10 mark. They won the Lions Club Classic during the Christmas break and finished as the second best free throw shooting team in the N.C.A.A.

Individually, Bruce Dayhuff and Kent Hoopingarner were named to the N.A.I.A. All Indiana Team with Dayhuff joining Gordon Wall on the All Conference Team. Hoopingarner was the team's leading scorer, Wall captured the rebound honors and Rex Holmes was tops in assists.

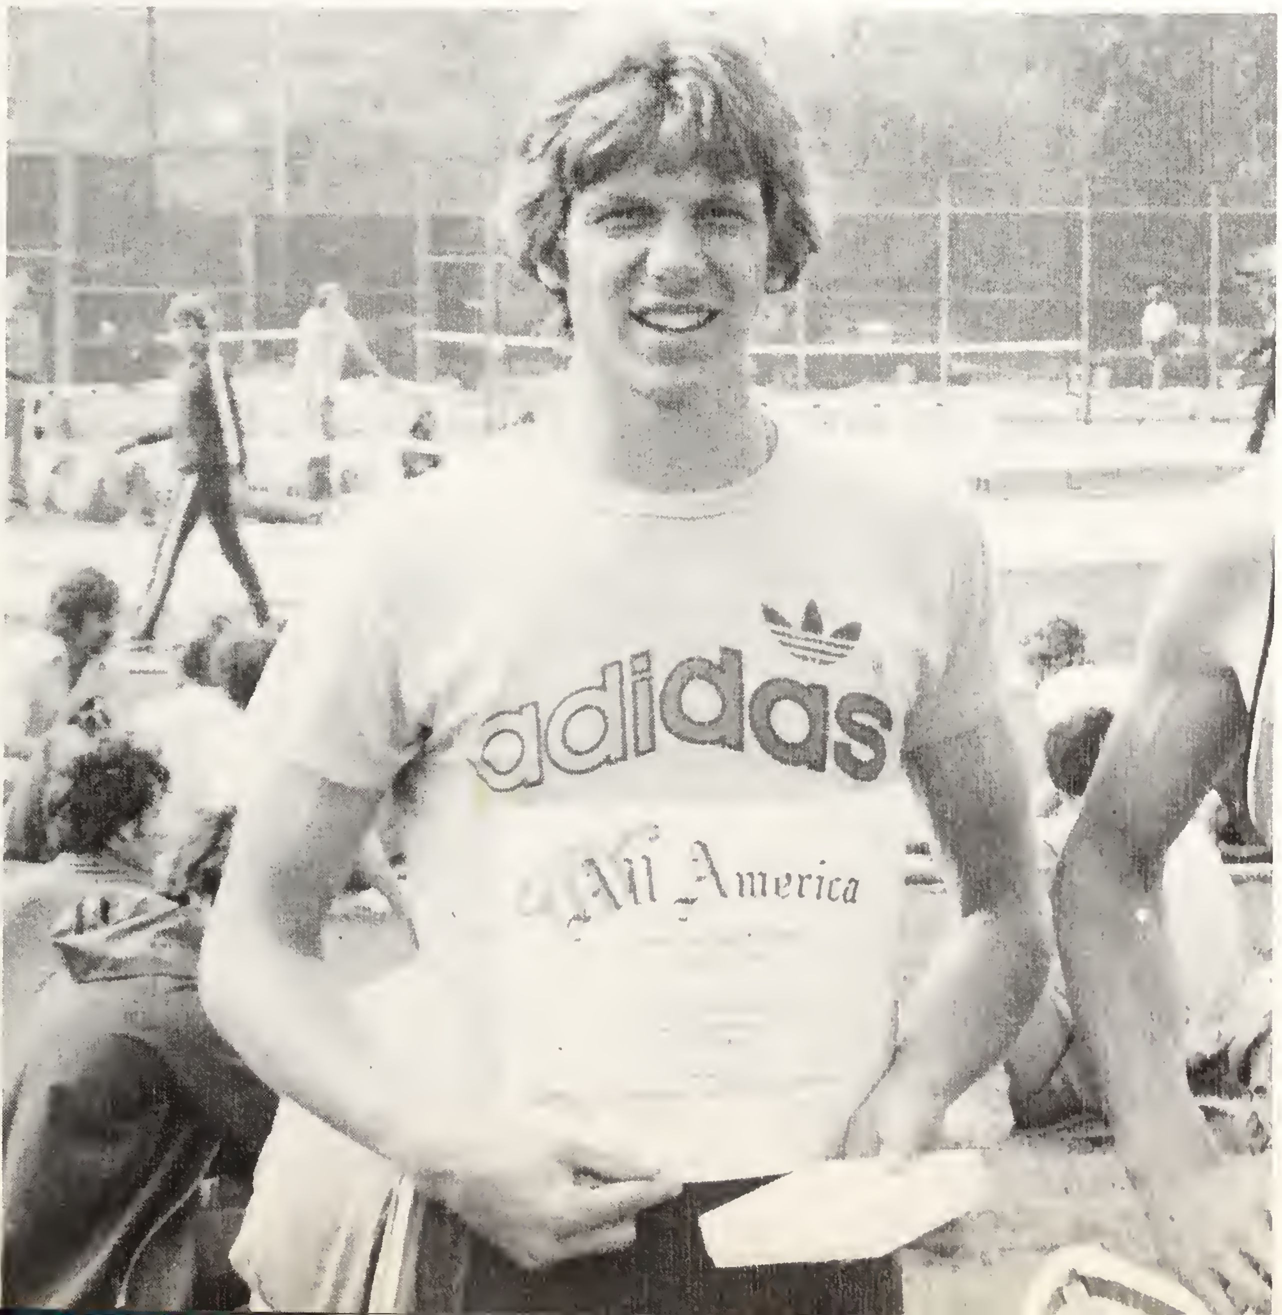
Johnson Named "All American"



Greg Johnson of Tri-State University was awarded "All American" status in the 800 meter run in the NCAA Division III Track and Field Championships held at the University of Chicago over the weekend.

Johnson became the first All American at Tri-State University.

He placed first in his 800 meter prelim with a time of 1:52.3. He then came in second in the semi-finals with a 1:53.8. In the finals of the event he finished fourth with a time of 1:52.0.

As a team the Trojans picked up four points. This put them among the top 25 teams with 63 squads participating.

Denny Altenburger was fifth in the 100 meters prelim with a time of 10.9. Altenburger also placed fifth in the prelim heat of the 200 meters. In the long jump he was 10th in the finals with a leap of 22′2¾″.

Stan Harris placed 14th in the prelims for the triple jump. His effort was measured at 45′9¾″.

The Trojan 400 meter relay team of Jim Kosanovich, Denny Altenburger, Stan Harris, and Ron Yoder placed fifth in the prelims. They were clocked at 43.3.

A seventh place in the finals of the 1600 meter relay was recorded by the team of Kevin Darr, John Juve, Greg Johnson, and Scott Powell. Their time was 3:20.7.

Scott Powell made it to the finals of the 400 meter intermediate hurdles only to be disqualified. He was third in his prelim heat at 53.4 and third in the semifinals at 53.6 before bowing out.

Indoor Trackmen Win 47th Consecutive Meet

The indoor track team completed their third consecutive undefeated season in March, running their winning streak to 47 over four years. During the 1976 season, 18 school records were tied or broken with three new Hershey Hall records established. The most valuable athlete award went to hurdler Scott Powell at the Tri-State Invitational.

Fencing With Success

The University fencing team completed another tough season facing the Big Ten and other top fencing schools in the country. The Trojans placed twelfth in the Great Lakes Meet and 50th in the National meet without top fencer Rick Tagliaferri who was lost to the squad with an injury. Kim Peterson and Richard Schneiders qualified for the N.C.A.A. nationals in Philadelphia and represented the university. Bonnie Cruise was named to the All Great Lakes Women's Team.

Track Team They Do It Again!

The Tri-State University Track team completed the dual season with a 14-1 mark and was team champion in both the Indiana N.A.I.A. and Mid-Central conference meets.

The Trojan set 10 new school records for the 18 events, 5 State N.A.I.A. and 3 Mid-Central Conference marks. Their only loss in two seasons has been to the National Junior College Champion.

They will compete in the N.C.A.A. Division 3 meet in Chicago as one of the top 10 National Teams.

Women's Track

A new sport to the campus this spring was women's track. The sport was organized by student Kathy Kujowski, who was aided by head track coach Mr. Gollnick. Kathy was credited with six first places in meets this spring and was the team's most valuable runner.

Pat Siler took a first in the long jump of one meet and had numerous second places. Other women scoring points this spring were: Dawn Tarman, Cheryl Hall, Terry Fee, Helene Raczkiewicz, Mary Hoffman, Missy Lewis, and Gretchen Henrich. Plans are to increase participation next spring with more meets and a larger squad.

Gerarld P. Cappert
South Bend, Indiana
B.S. in Mechanical Engineering

Glenn O. Christen
Angola, Indiana
B.S. in Mechanical Engineering

Ronald Clyde Friend
Butler, Pa.
B.S. in Mechanical Engineering

Ang Gabriel
Philippines
B.S. in Mechanical Engineering

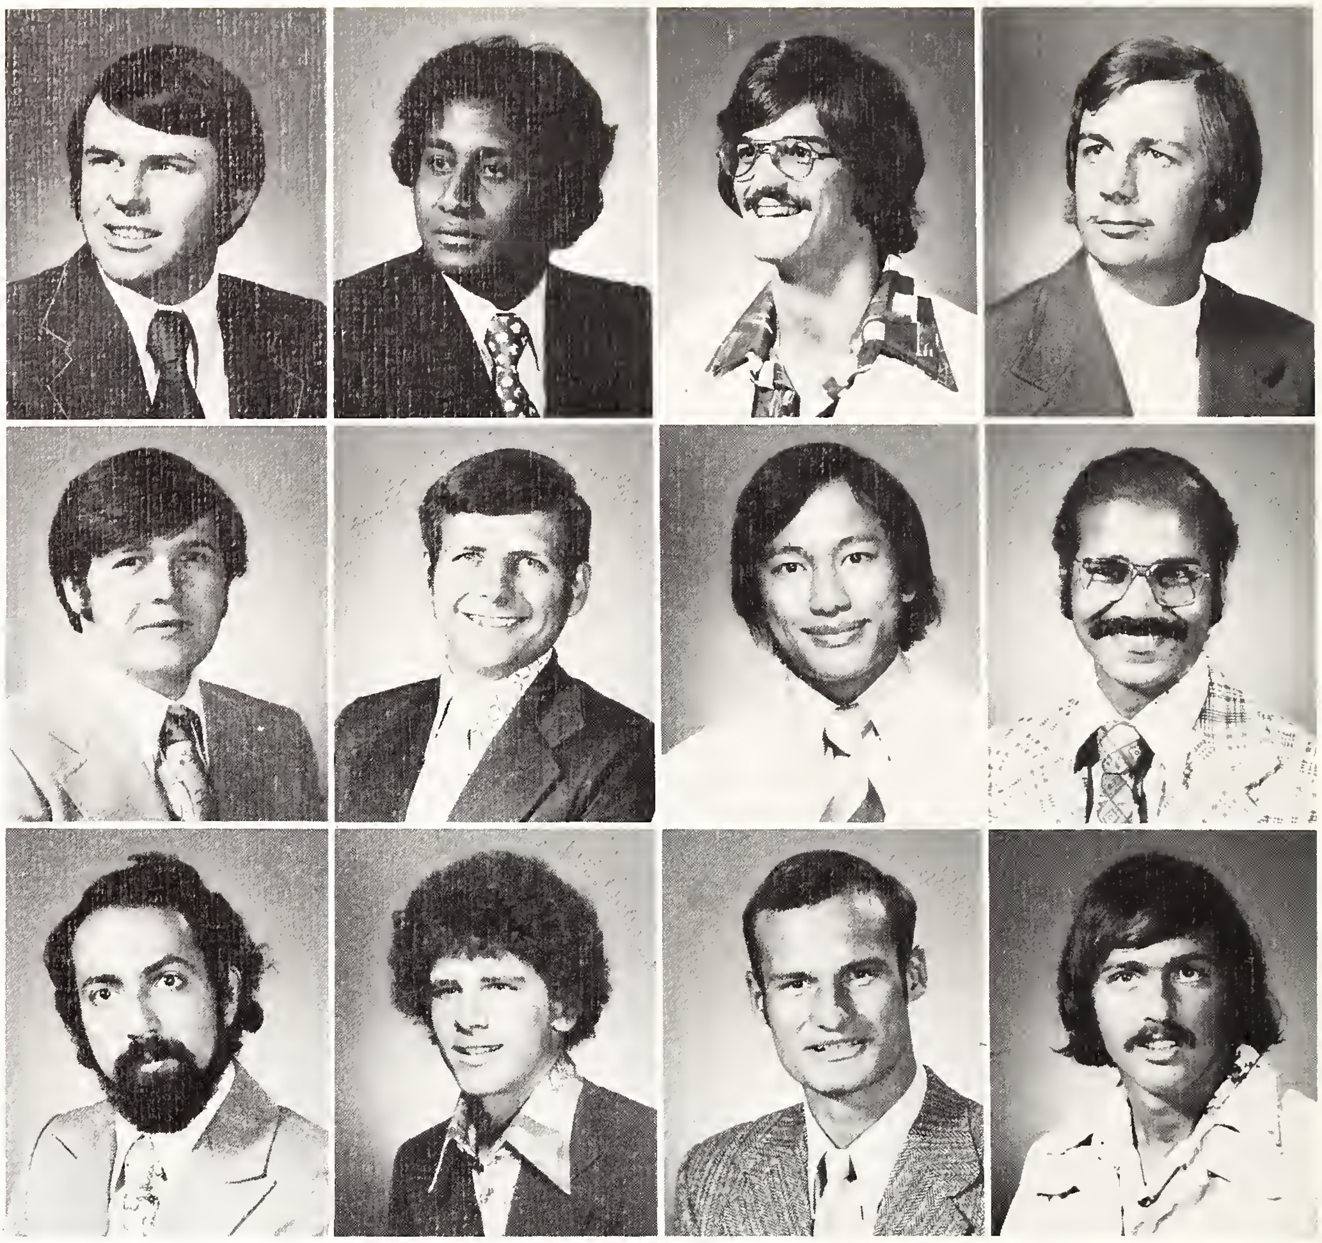
Mohammadarifulhaq Kheiri
Pakistan
B.S. in Mechanical Engineering

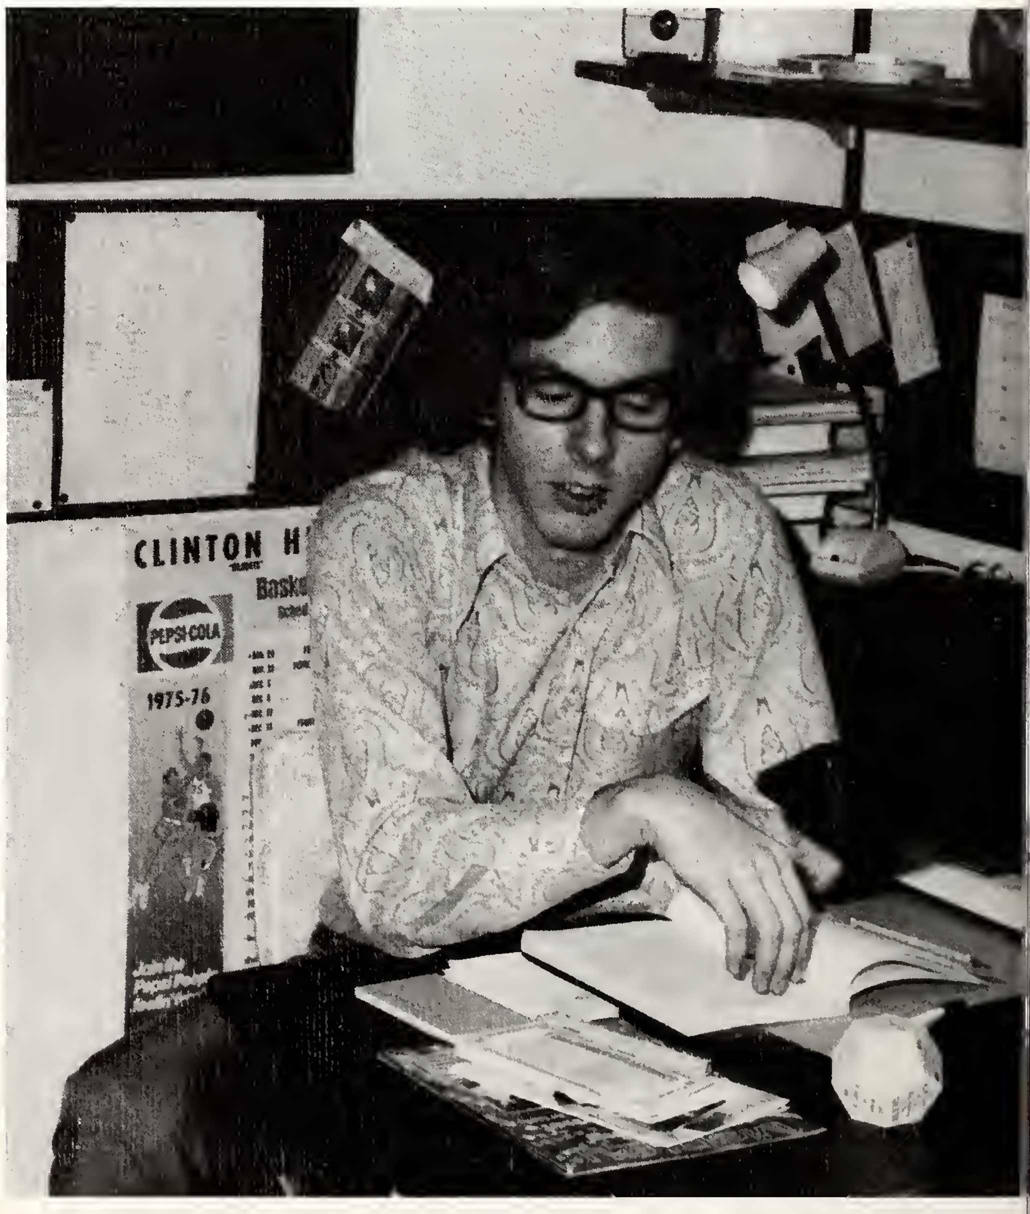
Shahriar Khosrowpanah
Iran
B.S. in Mechanical Engineering

Thomas Chis Kolblis
Darma, Ohio
B.S. in Mechanical Engineering

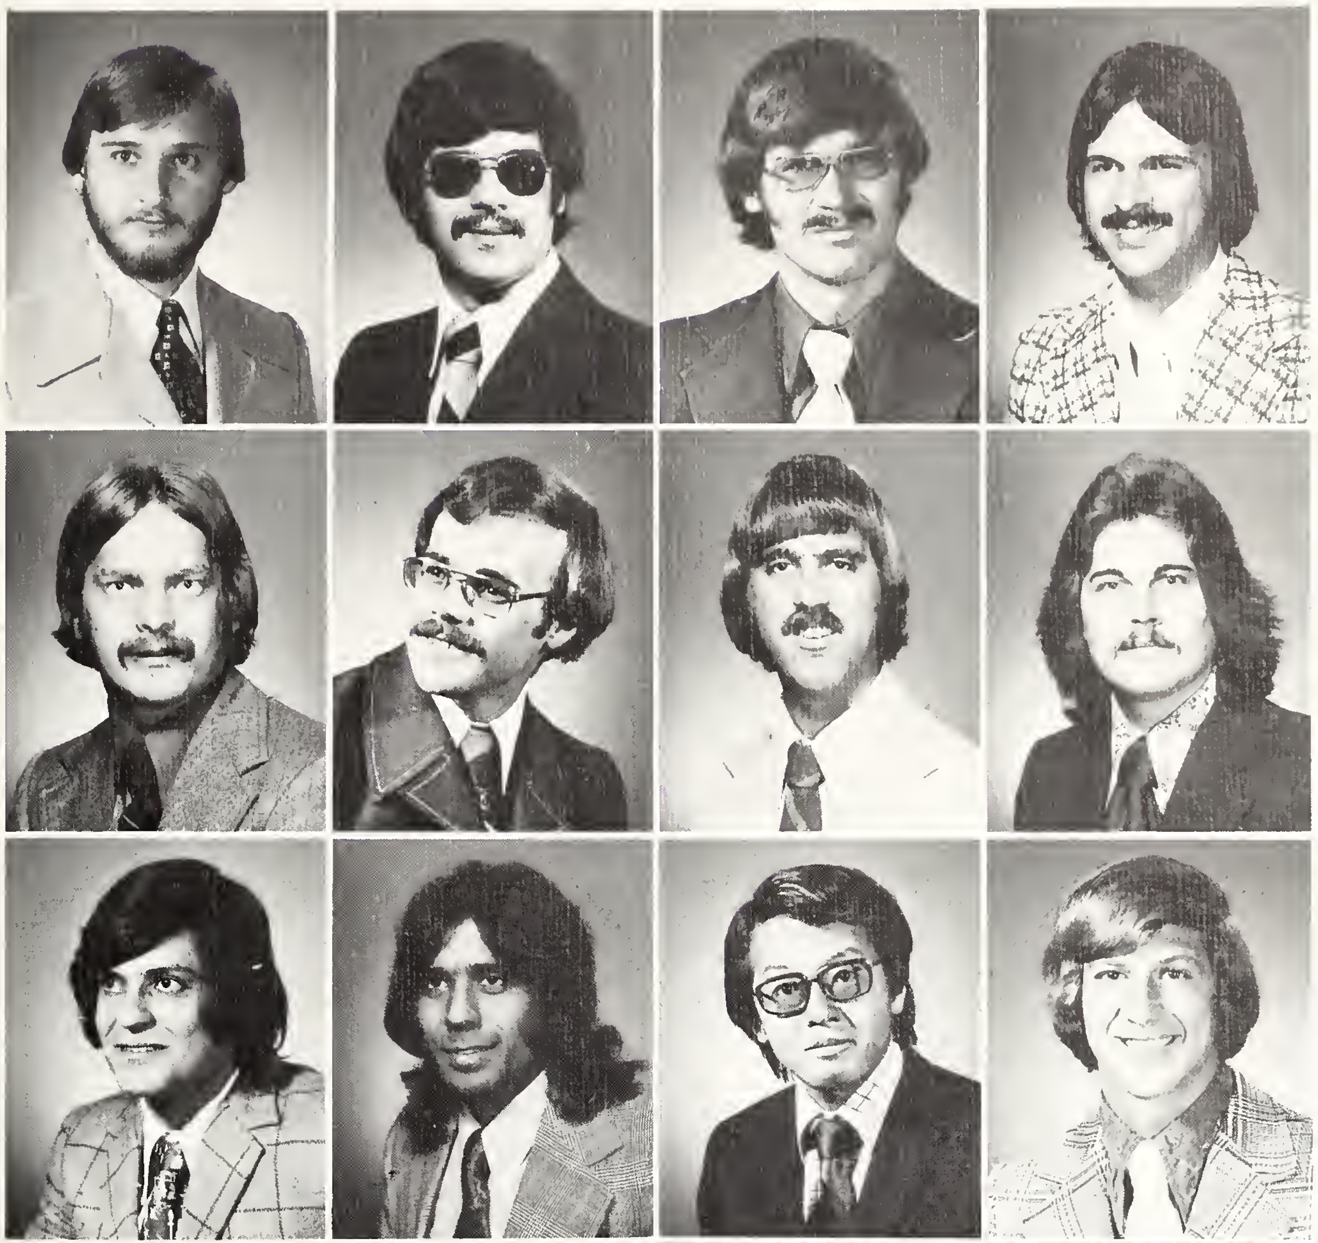
Karl Richard Linde
Oxford, Pa.
B.S. in Mechanical Engineering

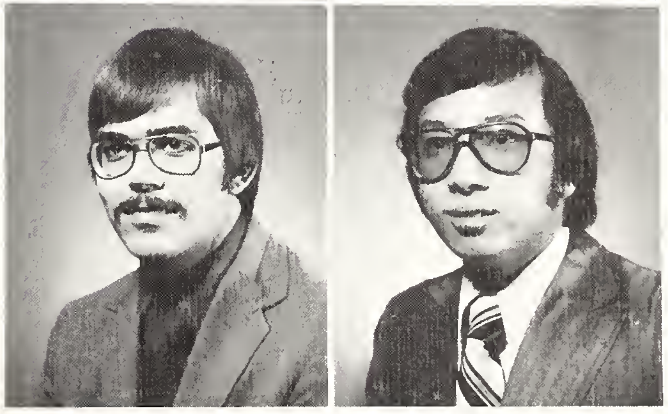
Jerry L. Lyons
Union City, Ohio
B.S. in Mechanical Engineering





Seniors





Bradley Jams Miller
Antwerp, Ohio
B.S. in Mechanical Engineering

Larry Eugene Miller
Union, Ohio
B.S. in Mechanical Engineering

James David Mounts
Ohio City, Ohio
B.S. in Mechanical Engineering

John F. Munchel
Indianapolis, Indiana
B.S. in Mechanical Engineering

Kim V. Peterson
Chesterton, Indiana
B.S. in Mechanical Engineering

Monte A. Robey
Zionsville, Indiana
B.S. in Mechanical Engineering

Ronald E. Smith
Paulding, Ohio
B.S. in Mechanical Engineering

Jeffey F. Stuart
Detroit, Michigan
B.S. in Mechanical Engineering

Gaby Salim Sulaiman
Tripoli
B.S. in Mechanical Engineering

Saleem Ahmed Toor
Pakistan
B.S. in Mechanical Engineering

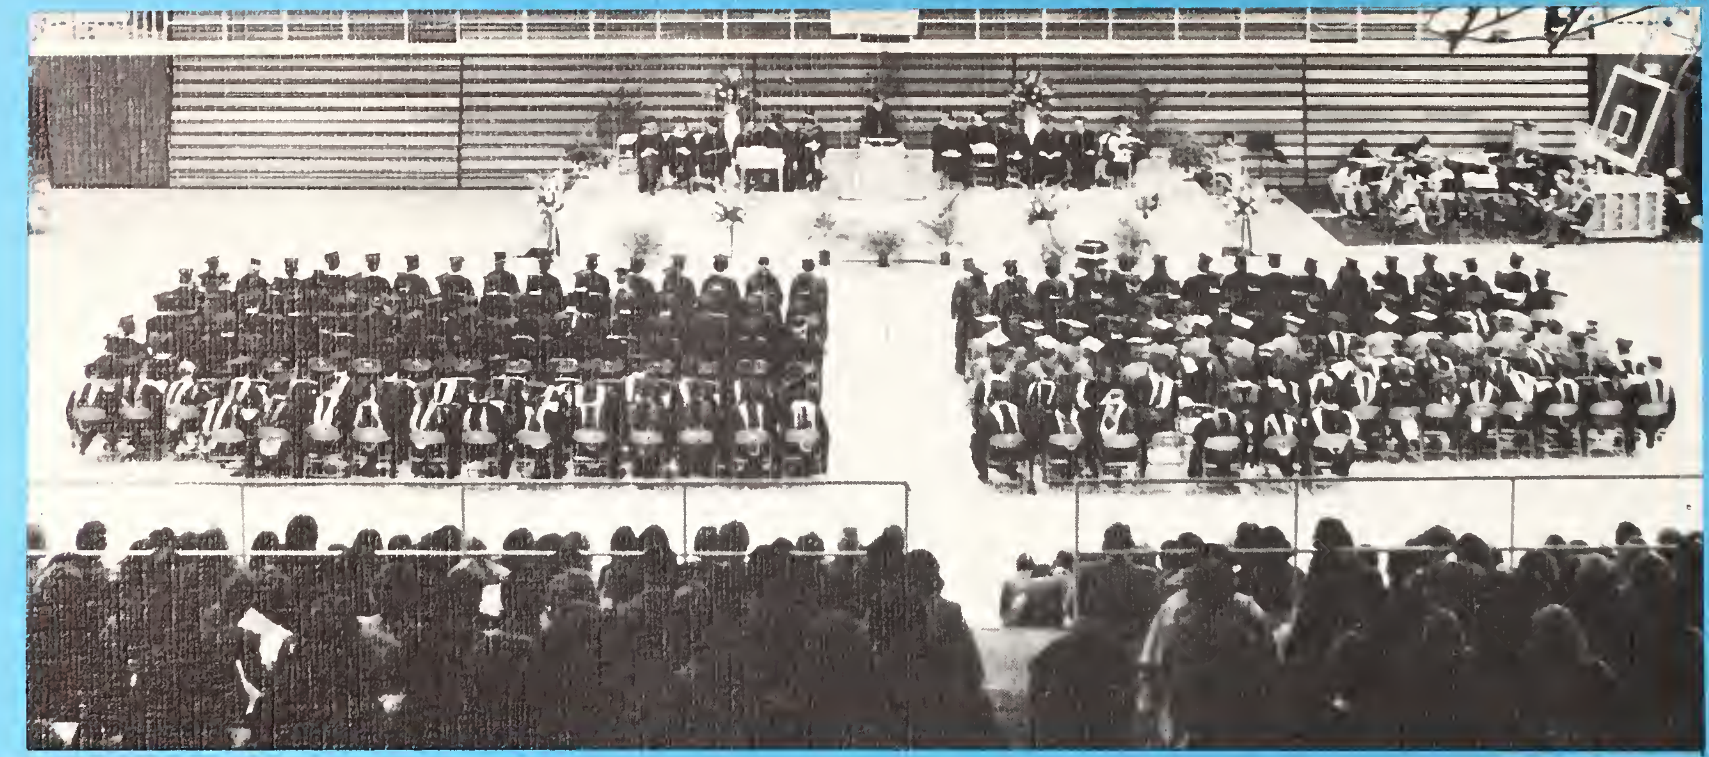
Ushn Tsuda
Japan
B.S. in Mechanical Engineering

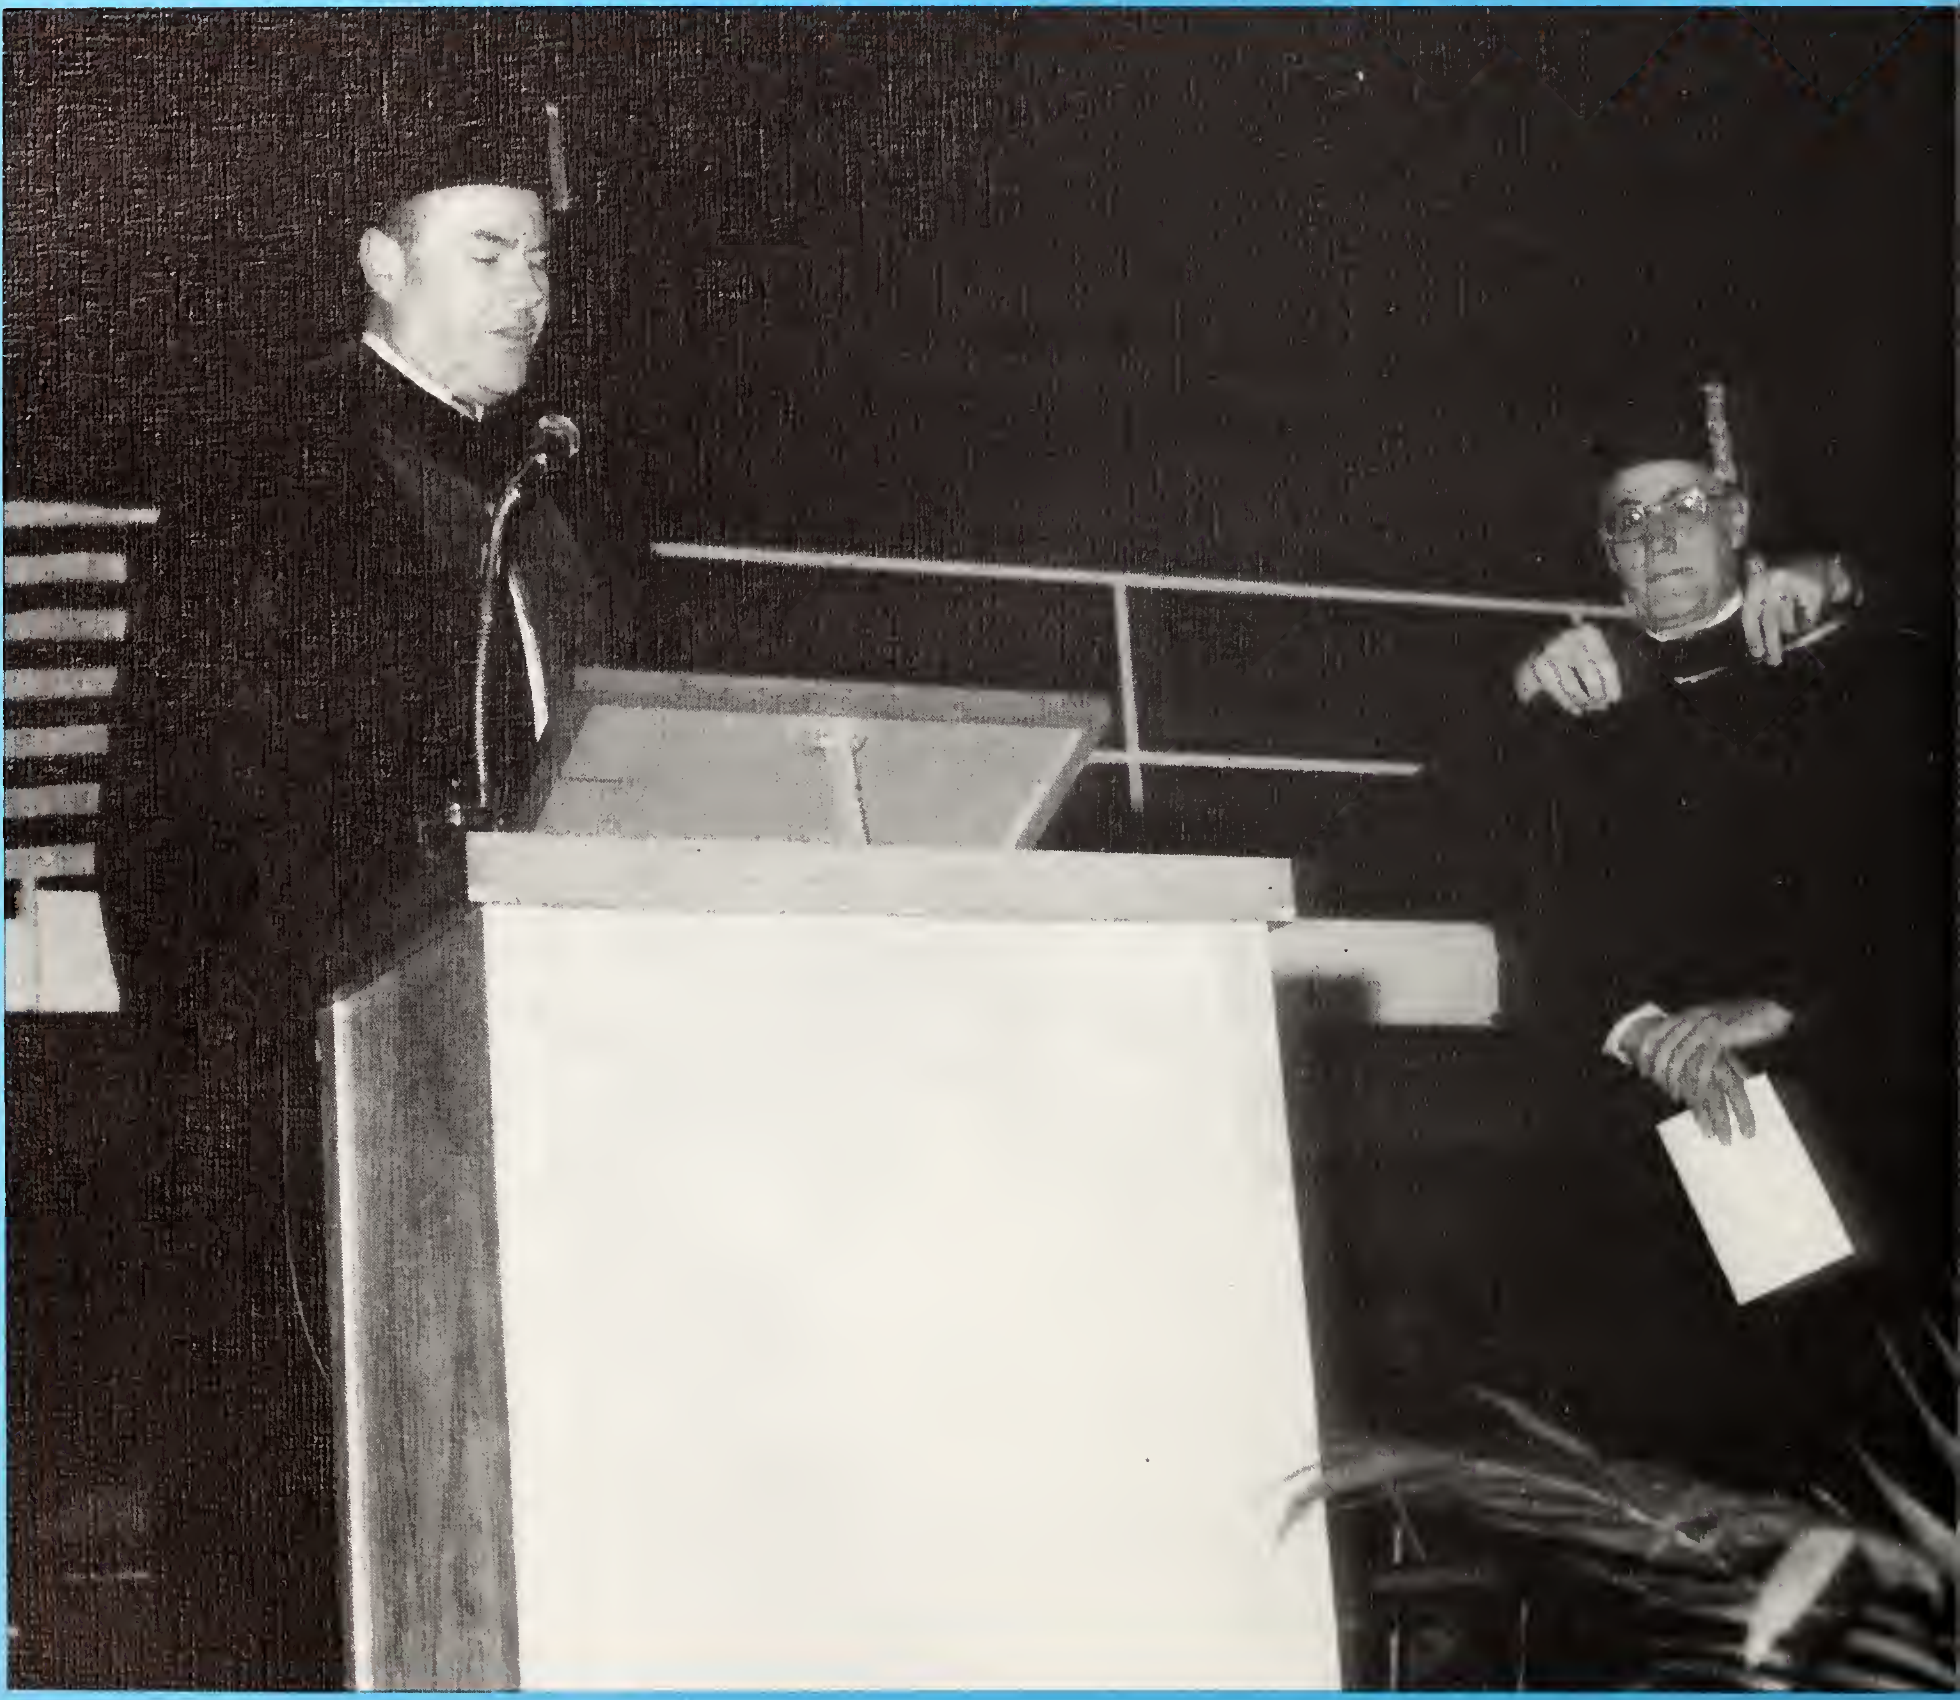
Boyd Aln Wear
Princeville, Illinois
B.S. in Mechanical Engineering

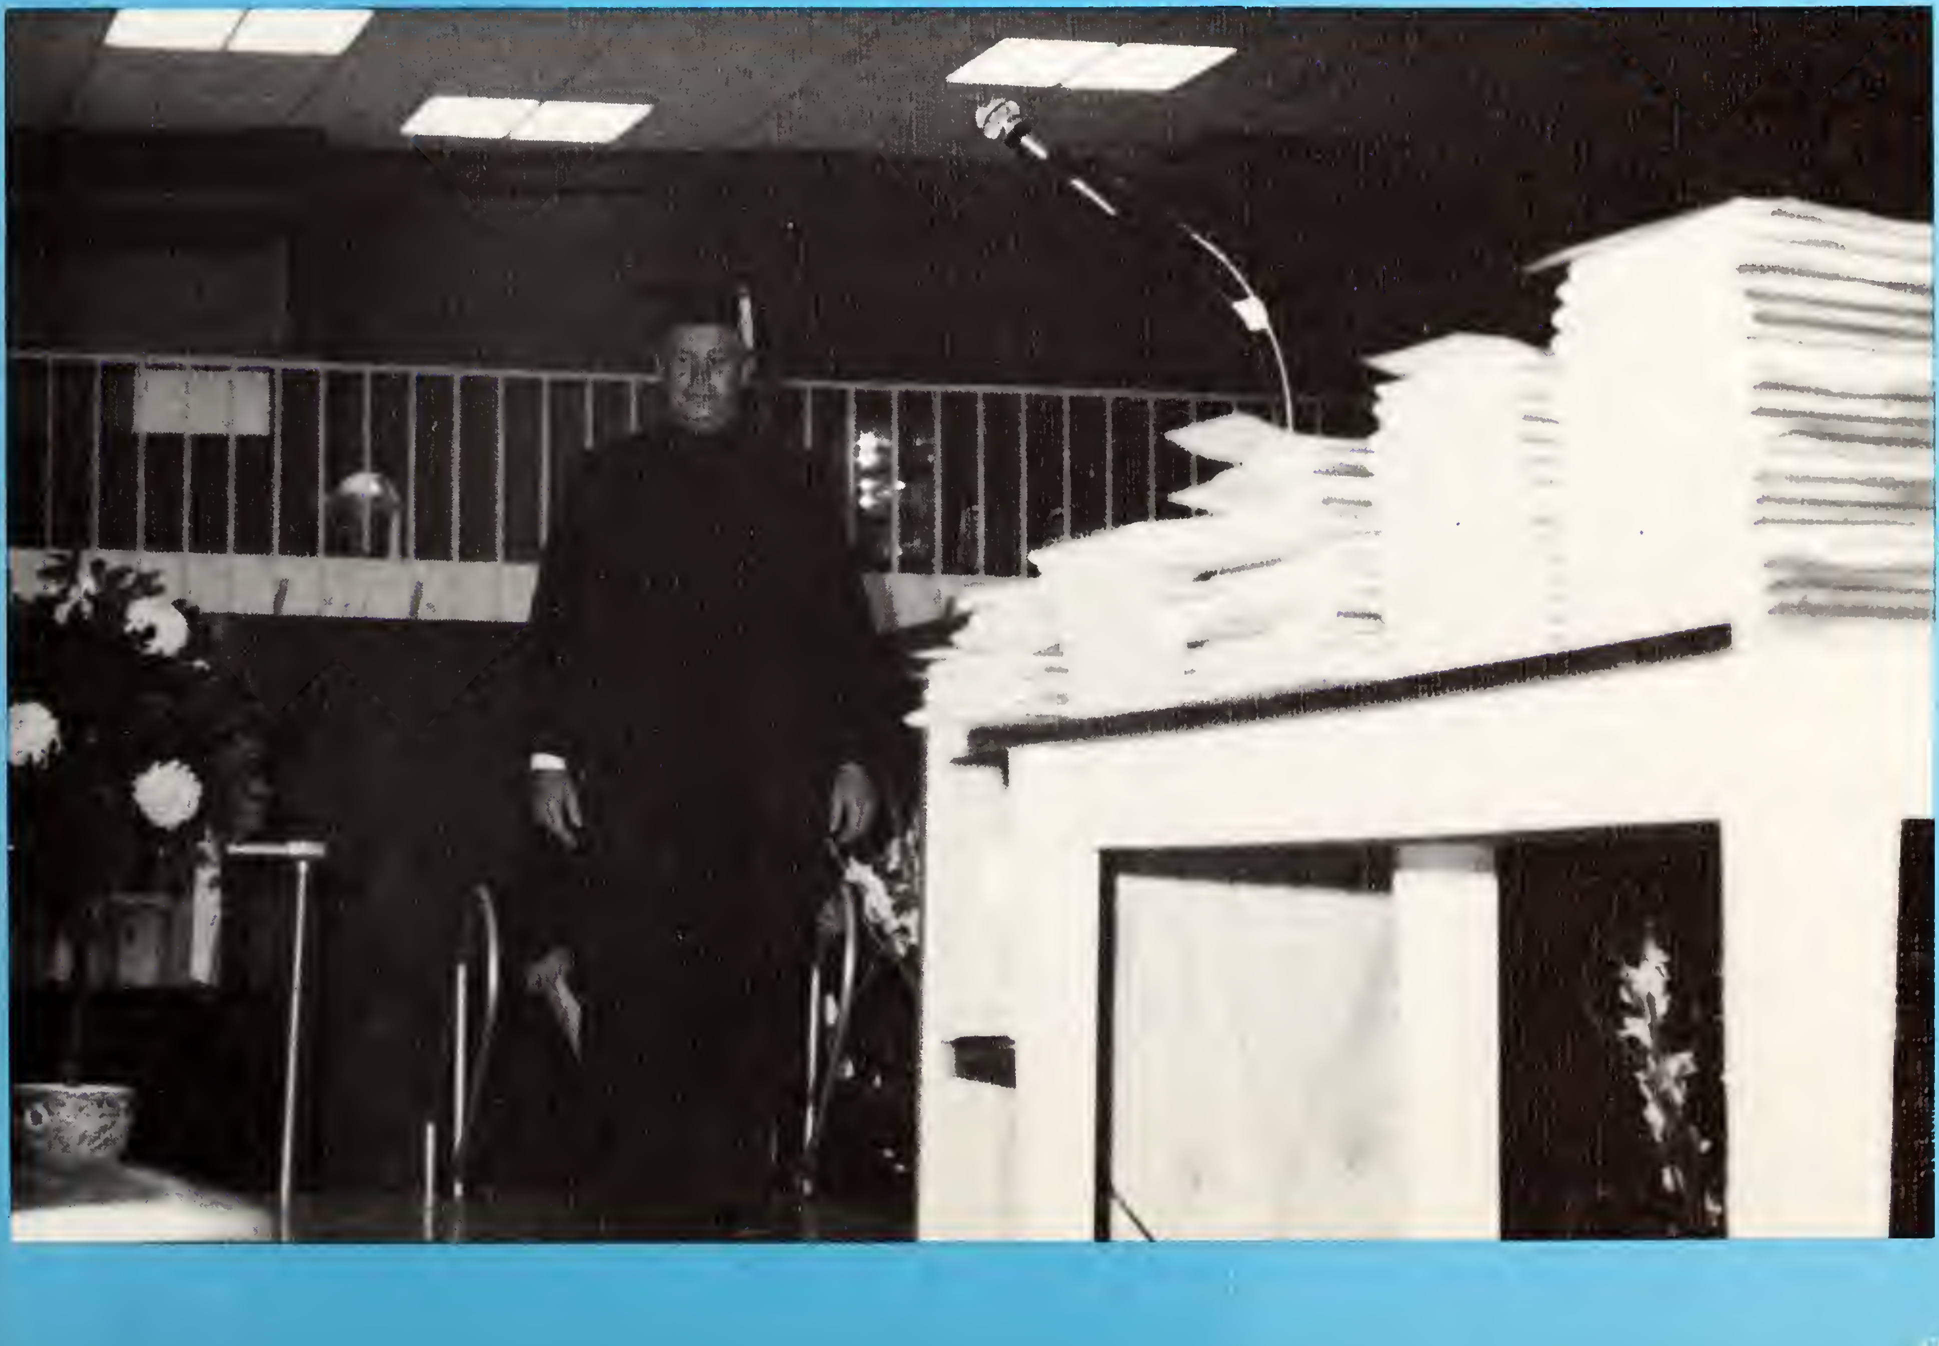
John William Wray
Twelve Mile, Indiana
B.S. in Mechanical Engineering

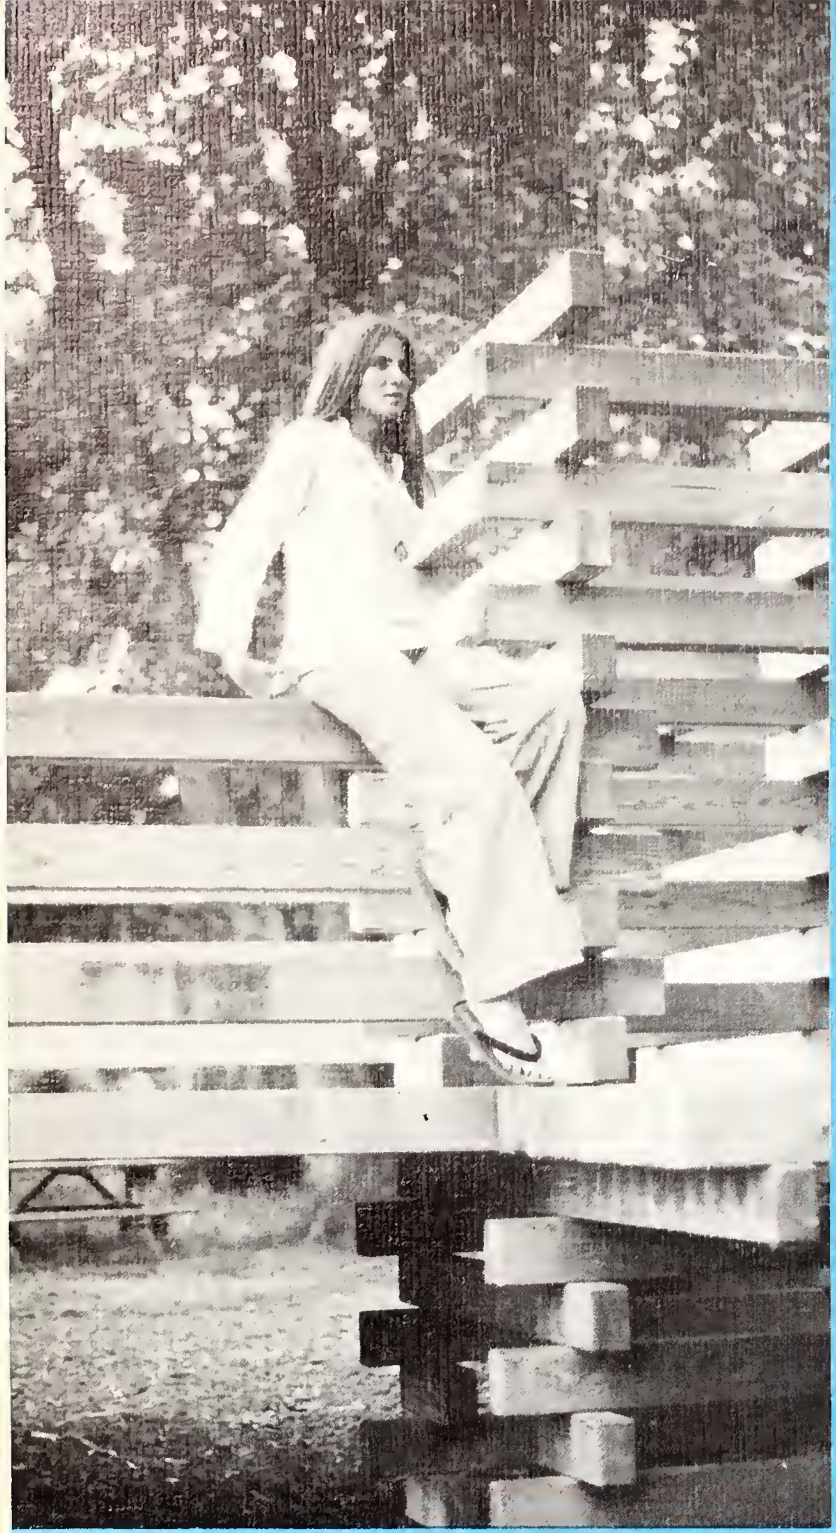
Arthur O. Yang
Philippines
B.S. in Mechanical Engineering

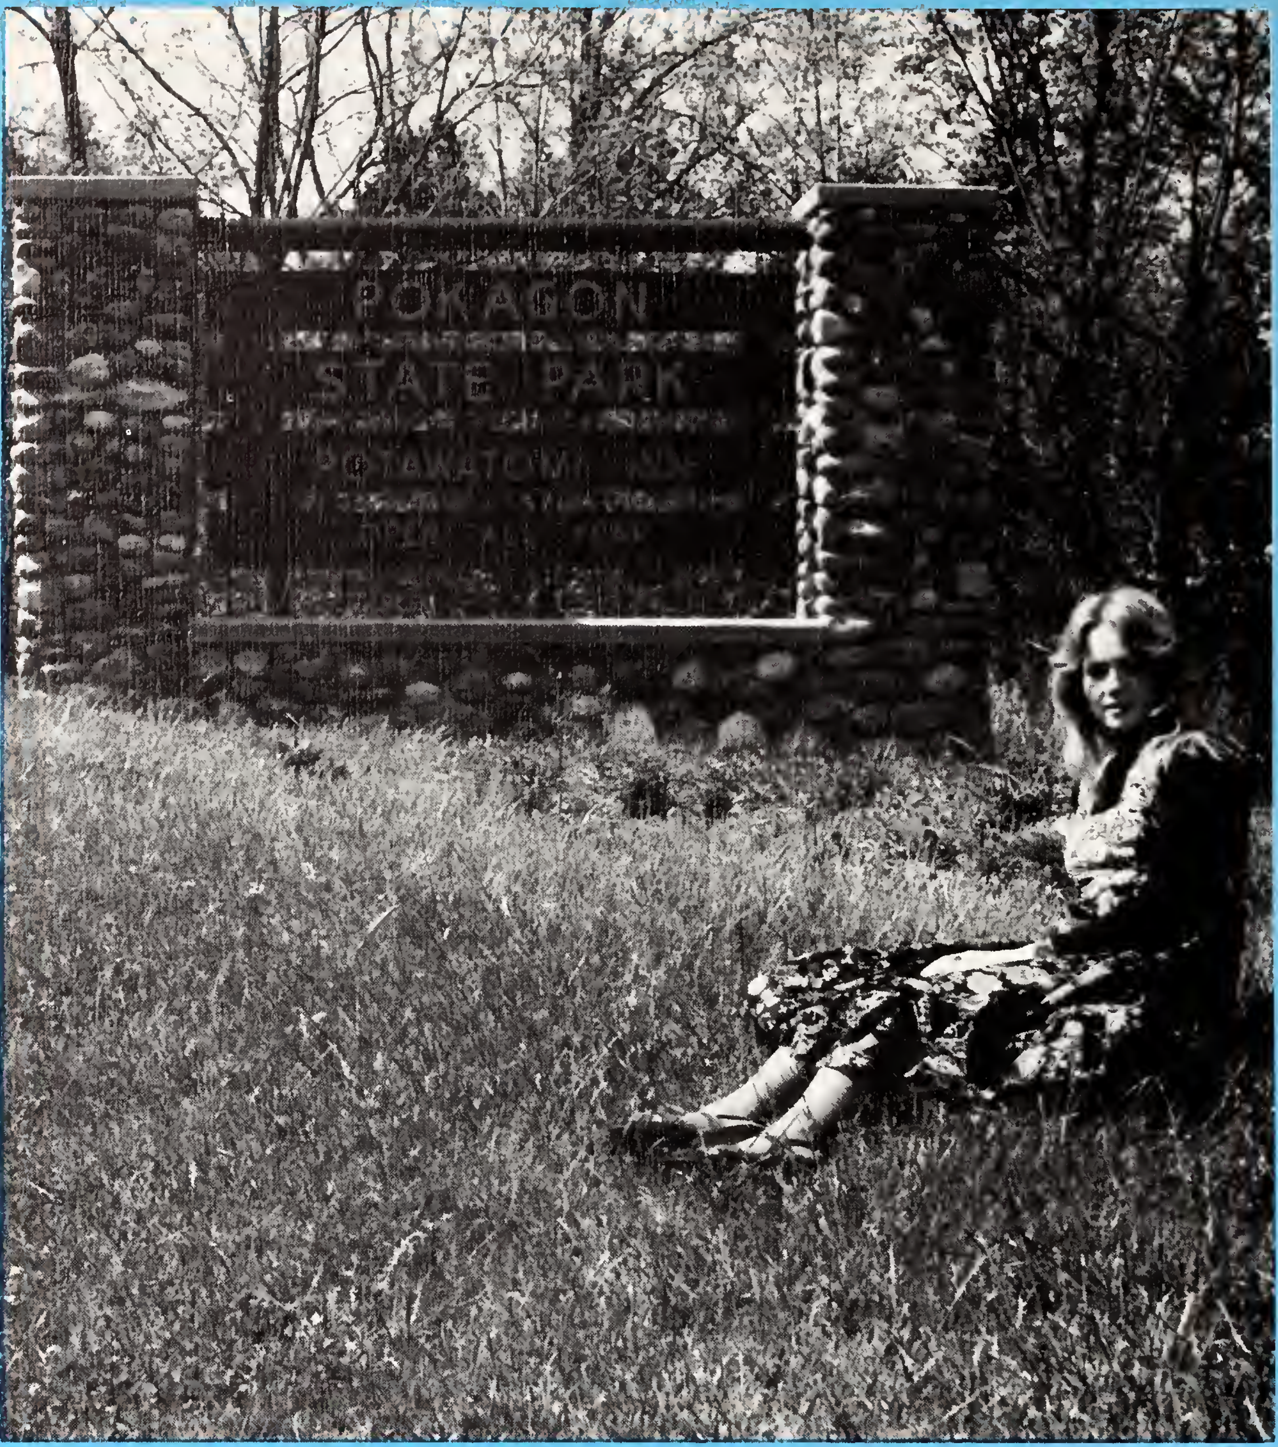
TRI - STATE
UNIVERSITY



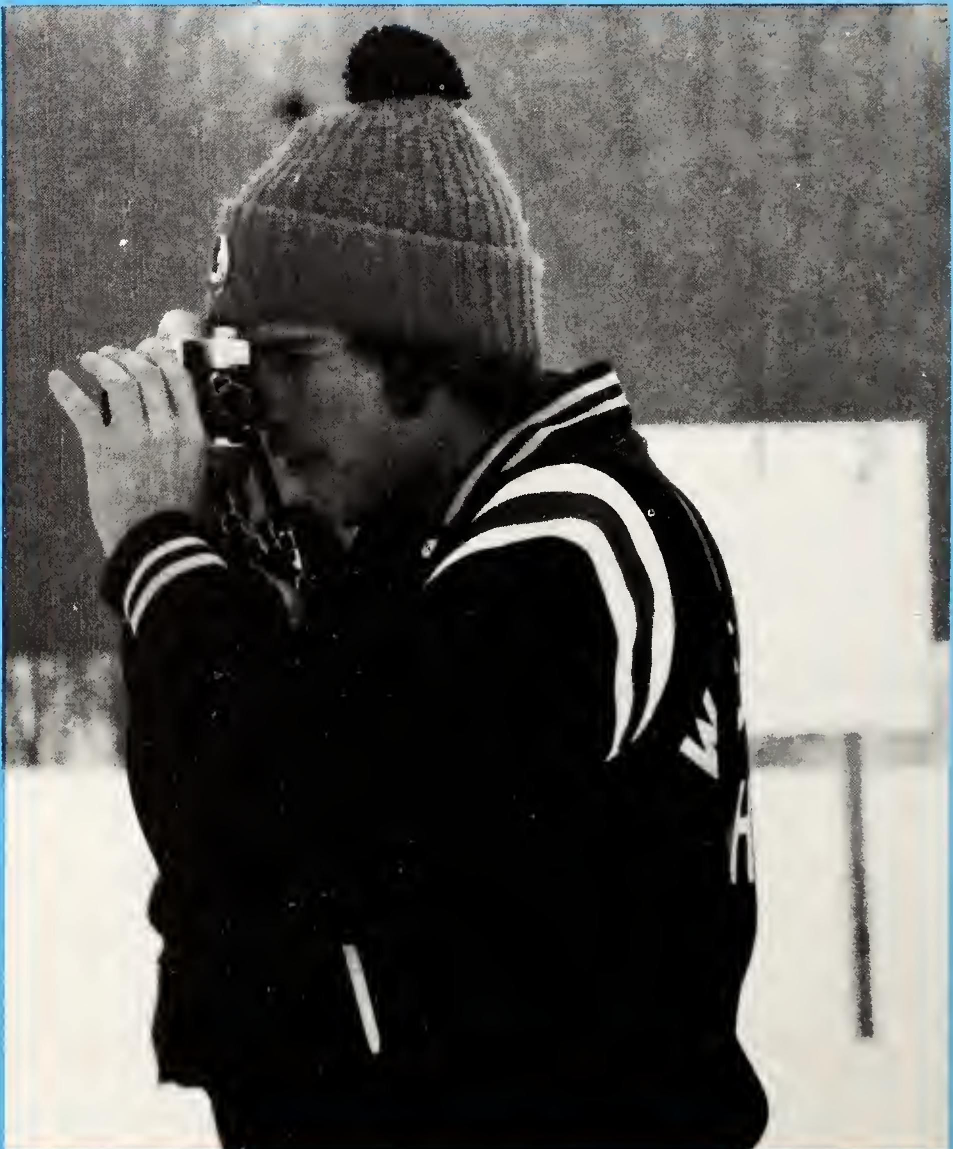






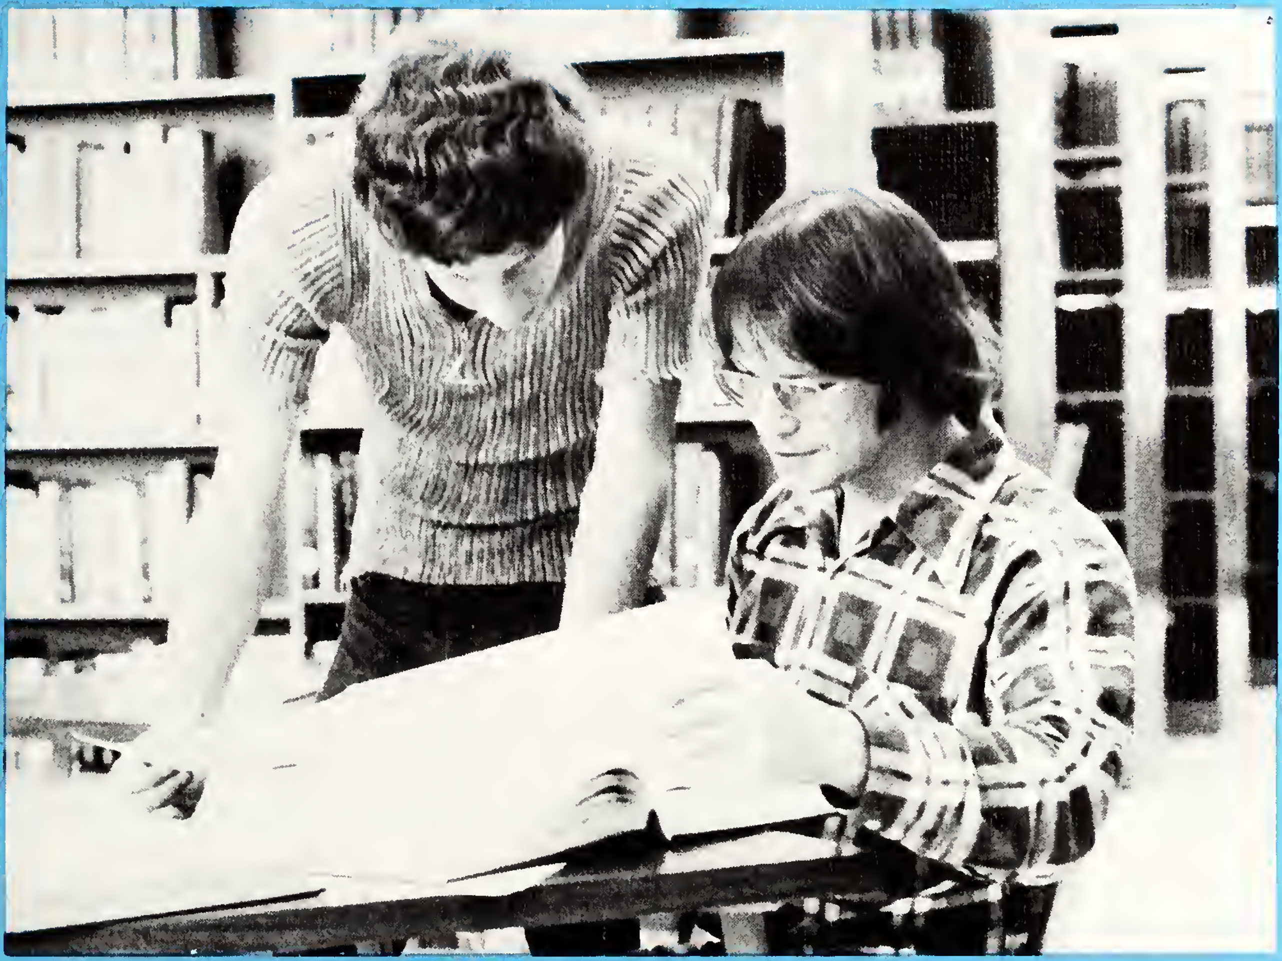


POKAGON
STATE PARK



Very few will recognize this passport to opportunity here today. Many will, twenty-five from now, but it will be too late. Time once spent is irreplaceable. No one has enough time, but you have all there is.

If you don't make it up the ladder of success it will be because you didn't really try or because you leaned up against the wrong wall. Good Luck!



Endings always bring an intermingling of joy and sadness, and as we leave behind another year we can look back fondly and remember all the moments that made our year unique. But try as we may, we can never return—for already we are Halfway to Tomorrow.

The last page, finished on the last day completing a story. From daydreaming about spirits in the sky to the grind of attending classes. From eating in the cafeteria to attending a concert, may they all be remembered. I have tried to represent our friends and our college life too soon bygone memories. When we find our place in life and want to return to a life we once lived, may the purpose of this book be accomplished. I have tried to make a vibrant and alive book using new ideas while replacing antiquated techniques. If the book does not convey a message, I have failed. If I have fulfilled my goal, I have succeeded.

This book was pieced together to convey the true story of 'happenings' on Tri-State's campus in the 1975-76 school year, and I must thank Roger for filling a definite photo gap. Also Sue Who for helping. I would also like to say that I would never have my so called assistants on my staff again.

THANK YOU

Terry Mowland

Editor-in-Chief
